#### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful is swallowed. Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Do not smoke while using. Wash thoroughly after handling. Food should be removed or covered during treatments. All food processing surfaces should be covered during treatment or thoroughly cleaned before use. Remove pets and cover fish bowls (tanks) before spraying. Do not allow children or pets to contact treated surfaces until spray has dried. Do not use on plants. Do not use as a space spray. ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Protective information may be obtained from your Cooperative Agricultural Extension Service.

PHYSICAL & CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call a physician or poison control center immediately. Do not induce vomiting unless directed by a physician. This product contains

a high amount of petroleum distillate. Vomiting may cause aspiration pneumonia.

If inhaled: Remove affected person to fresh air. Apply artificial respiration if indicated.

If in eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

If on skin: Remove contaminated clothing and wash affected areas with plenty of soap and water. NOTE TO PHYSICIAN: Active ingredients contain a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

#### **DIRECTIONS FOR USE**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

For use in and around homes, apartments, garages, and similar residential structures.

This product is a Ready To Use formulation which when applied as specified will aid in control of "Household Pests" listed below. This product should be applied as a coarse (LARGE DROPLET) spray in spot treatment and/or crack & crevice treatment of localized areas only. Do not use  $\tau$  treat entire surfaces. Repeat treatments as necessary.

Do not use in edible products areas of Food Processing Plants, Restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

COCKROACHES, ANTS, SILVERFISH, SPIDERS, CRICKETS, AND EARWIGS: Spray areas where these pests are found or may have including dark corners of rooms and closets, cracks, crevices, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, and cabinets, and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should or sprayed directly. Spray ant trails, nests and points of entry. Retreat infested areas as needed.

- 4

FLEAS & BROWN DOG TICKS: Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. DO NOT SPRAY ANIMALS. TREAT PETS WITH A PRODUCT REGISTERED FOR ANIMAL APPLICATION TO CONTROL THE SOURCE OF FLEA INFESTATION. 20+2

FLIES AND MOSQUITOES: Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions, and in garages where these insects may congregate. Flies and Mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

CARPET BEETLES: Spray as a spot treatment along baseboards, and edges of carpeting, under carpeting, rugs and furniture, in closets, and on shelving and wherever else these insects are seen or suspected.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

STORAGE: If container is camaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking containers into a similar drum or glass container. Do not store, use, pour or spill near heat or open flame.

PESTICIDE DISPOSAL: Waster resulting from this product may be disposed of on site or at an approved disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.
