# VANI-SOL<sup>®</sup>

*liquid bowl cleanse has* **TRIPLE** *action*

**THE  
PROOF**

..... IS with the **BEFORE...and AFTER** test

**EVIDENT**

*Before using VANI-SOL, many toilets and urinals contain porous lime deposits and uric acid stains, forming the basis for unsightly discoloration. This scale accumulates organic refuse which decomposes and quickly becomes germ laden . . . a real source of filth and obnoxious odors.*

*VANI-SOL's rich sudsing action instantly dissolves . . . and removes . . . these unsanitary conditions, leaving your toilet bowl SPARKLING SNOW WHITE . . . not only where the eye can see . . . but also under the flush ring*

*Offensive odors are eliminated by REMOVING THE SOURCE*

*VANI-SOL has not one, but THREE germicidal active ingredients, giving you positive KILL against the widest variety of bacteria. Hospital proven to be . . . GERMICIDAL • TUBERCULOCIDAL • STAPHYLOCIDAL • PSEUDOMONACIDAL • FUNGICIDAL . . . quickly destroying staphylococci, as well as other common pathogenic bacteria, fungi and TB bacilli.*

*Leaves an actual sheen on the surface that prevents "build-up".  
Keep your toilet bowls and urinals "Hospital Clean" with VANI-SOL.*

CLEANSE

The custom-built VANI-SOL KOASTER-KIT provides the ultimate in ease-of-handling, plus a convenient place to store the VANI-SOL APPLICATOR. The miracle fibers used only in the revolutionary Vani-Sol Applicator provide super-absorbency, unlimited wear and economy. Rinses instantly. Both the patented Vani-Sol Applicator and Koaster-Kit are manufactured ONLY for use with VANI-SOL.

VANI-SOL comes to you in an easy-to-handle, no-drip SAF-T-GRIP bottle . . . a rigid, translucent bottle that completely eliminates the possibility of breakage . . . developed exclusively for use with VANI-SOL.

Just as the quality and uniformity of production batches of VANI-SOL are thoroughly checked, SO IS THE BACTERIOLOGICAL DISINFECTION POWER. Stamped on the bottom of EACH VANI-SOL SAF-T-GRIP bottle is the manufacturing code date . . . your assurance that each bottle of VANI-SOL will provide positive disinfection against many disease-causing bacteria.

HOW TO CLEAN, DEODORIZE AND DISINFECT WITH

# VANI-SOL

HIGH STRENGTH  
BOWL CLEANSE

## DIRECTIONS TO CLEAN, DEODORIZE AND DISINFECT TOILET BOWLS AND URINALS

- 1 Remove water from bowl by forcing over trap with VANI-SOL Applicator.
- 2 Press water out of Applicator.
- 3 Holding bottle over bowl or urinal, apply 1 ounce of VANI-SOL to Applicator.
- 4 Clean entire unit, especially under rim at water outlets.
- 5 Flush and rinse out Applicator.

VANI-SOL is a concentrated product and may be diluted with water.

### ALTERNATE METHOD OF USE\*

- 1 Holding bottle over bowl, saturate Applicator with 2 ounces of VANI-SOL—no need to push water out of the trap.
- 2 Using Applicator, swab all surfaces, especially under the rim.
- 3 Flush and rinse out Applicator in flush water.

\*Alternate method not tuberculocidal or fungicidal. Rinse empty container thoroughly with water and discard it.

VANI-SOL Bowl Cleanse should be used in concentrated form on vitreous china toilet bowls and urinals only†. Use care in handling VANI-SOL. When saturating the Applicator with VANI-SOL, hold bottle over toilet bowl or urinal to prevent waste and spilling on floor in concentrated form.

†Use only on vitreous china, toilets and urinals. Do not use on porcelain sinks, wash bowls or bath tubs.

**DANGER**—Corrosive. Keep Out Of Reach Of Children. Fatal if swallowed. Do not breathe vapor or fumes. Produces chemical burns. Do not get in eyes, on skin, or on clothing.

**POISON**—Contains Hydrochloric Acid. Do not mix with bleach.

**FIRST AID: IN CASE OF INGESTION OR INJURY CALL PHYSICIAN IMMEDIATELY.**

Internal: Drink a teaspoonful or more of milk of magnesia, or a cup of soapy water followed with milk or raw egg whites.

External, skin: Wipe off the acid gently, immediately flood the surface with water, using soap freely then cover with moist magnesia or baking soda. **EYES:** Wash with water for 15 minutes. Get prompt medical attention.

VANI-SOL is formulated with GL-4, a highly effective metal corrosion inhibitor designed to protect your plumbing—positively will not harm pipes, traps, etc. when used as directed. VANI-SOL will not harm septic tanks—does not affect bacterial action. Homogenization makes VANI-SOL stable to the last drop.

Available from local distributors or write National Laboratories.

### GUARANTEE

Modern manufacturing facilities and careful laboratory control assure materials of uniform quality at all times. National Laboratories' products are guaranteed to give complete satisfaction, when used as directed, or they may be returned for credit.

VANI-SOL is compounded and sold in strict accordance with all laws and regulations regarding this type product. VANI-SOL is packaged 24-32-ounce bottles per case, including VANI-SOL Applicators.
