GENERAL INFORMATION

2,4-D 20% TERRA G is specifically formulated as a dry, free-flowing granule using a low-volatile ester of 2,4-D as the active ingredient. 2,4-D 20% TERRA G is recommended for the control of certain broadleaved weeds such as dandelion, lambsquarters, plantain, chickweed and certain other broadleaved weeds infesting grasses in home lawns, parkways and similar ornamental turfgrass areas. 2,4-D 20% TERRA G is also recommended for weed control of certain broadleaved weeds and some annual grasses when applied preemergent to corn as directed.

NOTE: Local conditions and application regulations vary and may affect the use of this herbicide. Consult local agricultural experiment station or extension service weed specialists and state regulatory agencies for recommendations in your area.

DIRECTIONS FOR USE

LAWNS. For best results in the control of broadleaved weeds in well established lawns, use 2,4-D 20% TERRA G when the weeds are young and actively growing. Apply 2,4-D 20% TERRA G at the rate of 1 pound to 4,000 square feet (40 x 100) using a conventional spreader adjusted to a low setting. For uniform coverage several passes may be necessary to empty the hopper over the measured area. Subsequent adjustments can be used to accurately calibrate the spreader to deliver the required amount of 2,4-D 20% TERRA G. DO NOT apply closer than 3 feet to ornamental plantings such as shrubs or flowers. DO NOT apply to newly seeded lawns until grasses become well established. Injury may result if applied to bentgrass, St. Augustinegrass, carpetgrass, centipedegrass, Dichondra and clovers in lawns.

CORN. (For corn growing areas of the Midwest only) 2,4-D 20% TERRA G is recommended for preemergent application to corn for control of lambsquarters, pigweed, ragweed and many other broadleaved weeds in corn. Apply the granules as a broadcast or band treatment soon after planting but before the corn emerges. For best results delay cultivation as long as possible after application. DO NOT use on light, sandy soils.

BROADCAST TREATMENT: Apply at the rate of 10 pounds per acre as a broadcast treatment uniformly distributing the granules over the field.

**Diamond Shamrock
Chemical Company**

**Weed Killer
2,4-D 20% TERRA G***

ACTIVE INGREDIENT:		
Isocetyl Ester of 2,4-Dichlorophenoxyacetic Acid**	30.17%
INERT INGREDIENTS:	69.83%
TOTAL	<u>100.00%</u>

*Manufactured under U.S. Patent No. 2,792,295
**Equivalent to 20% 2,4-Dichlorophenoxyacetic Acid

BAND TREATMENT: Apply to corn as a band centered over the corn rows. Where the corn rows are spaced 40 inches apart, use the following amount:

Width of Band in Inches	Amount to Use per Field Acre
10	2.5 pounds
12	3.0 pounds
14	3.5 pounds

CAUTION
HARMFUL IF SWALLOWED.
MAY CAUSE SKIN IRRITATION.
Avoid contact with eyes, skin and clothing.

DO NOT store near fertilizers, seeds, insecticides or fungicides.

DO NOT contaminate irrigation ditches or water used for domestic purposes.

Use care to avoid drift to 2,4-D susceptible plants such as cotton, tomatoes, flowers, grapes, fruit trees and ornamentals. Trace amounts may cause severe injury to both growing and dormant plants. Apply only on calm days to prevent drift. Although this ester is much less volatile than butyl or isopropyl esters, high temperatures may produce vapors after application which might injure 2,4-D sensitive plants in the vicinity.

Clean applicator out thoroughly after use. DO NOT use same equipment for applying other materials to plants, as injury will result.

DO NOT reuse empty container. Bury or discard in a safe place. DO NOT burn.

WARRANTY AND LIMITATION OF DAMAGES

SELLER warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and BUYER assumes the risk of any use contrary to such directions. SELLER makes no other express or implied warranty, including any other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of SELLER is authorized to do so except in writing with a specific reference to this warranty. In no event shall SELLER's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

CAUTION: KEEP OUT OF REACH OF CHILDREN
SEE SIDE PANEL FOR ADDITIONAL CAUTIONS.
