■ Do not get in eyes, on skin or on clothing ■ Wear goggles or facial shield and rubber gloves when handling this product ■ Remove and wash contaminated clothing ■ Do not take internally

**STORAGE AND DISPOSAL**

**STORAGE:** Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

**DISPOSAL:** Pesticide or waste that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Containers (or equivalents) and metal containers offer for recycling or record keeping. For plastic containers dispose in an incinerator or dispose in landfill approved for pesticide containers or bury in a safe place. Consult federal, state or local disposal authority for approved alternative procedures.

**GENERAL INFORMATION**

CDS is an effective anti-bacterial cleaner designed for use in industrial and institutional cleaning where acid is directed. CDS will disinfect hard non-porous surfaces, such as floors, walls, counter tops and furniture. It may be relied upon to deodorize bathroom areas, garbage pits, diaper pails, food storage areas, animal quarters and other areas where objectionable odors may develop. This product may be used as a general purpose anti-bacterial detergent in schools, restaurants, hospitals, nursing homes, public rooms and other places where efficient cleaning and antimicrobial action is desired.

### DIRECTIONS FOR USE

#### GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### FOR CLEANING

**LIGHTLY SOILED AREA:** Surfaces to be cleaned should be mopped or brushed with a solution containing 1 ounce of CDS per gallon of water. Rinse cleaned area with fresh water.  
**HEAVILY SOILED AREA:** Mop or brush soiled surface with a solution containing 2 ounces of CDS per gallon of water. Rinse cleaned surface with fresh water.

#### GENERAL PURPOSE DISINFECTION

To disinfect walls, floors and other hard non-porous surfaces in schools, restaurants, restrooms and other public areas, mop or brush with a fresh solution containing 1/2 ounce of CDS per gallon of water so as to maintain thoroughly wetted surface for ten minutes. All soiled surfaces must be pre-cleaned prior to disinfection (follow directions for cleaning). Those surfaces which may later come in contact with food must be rinsed with clear water of drinking quality. Do not reuse used solution.

#### HOSPITAL DISINFECTION

To disinfect walls, floors, furniture and other hard, non-porous surfaces in hospitals and nursing homes, mop or brush with a fresh solution containing 2 1/2 ounces of CDS per gallon of water so as to maintain thoroughly wetted surface for ten minutes. All soiled surfaces must be pre-cleaned prior to disinfection (follow directions for cleaning). Those surfaces that are heavily soiled with blood, fecal material or exudates should be thoroughly scrubbed with a solution containing 2 ounces of CDS per gallon of water, and then rinsed with a fresh solution containing 2 ounces of CDS per gallon of water before disinfection. Do not reuse used solution. This product has not been tested for effectiveness against *Mycobacterium tuberculosis* and must not be relied upon when tuberculocidal activity is intended by the user.

#### DEODORIZATION

Prior to deodorization of bathroom areas, garbage pails, diaper pails, food storage areas, kennel areas and other areas where objectionable odors may develop, remove all garbage, refuse, food and/or animals. Pre-clean surfaces using pressurized water where possible before deodorization. To deodorize, mop or brush surfaces thoroughly with a solution containing 2 1/2 ounces of CDS per gallon of water.
