DESCRIPTION

STA-PUT is the revolutionary bowl cleaner with STA* additive. NEW STA-PUT cuts costs as it gives more ACTIVATED CLEANING POWER without those objectionable fumes . . . DISINFECTS AND SANITIZES . . . REMOVES rust and scale . . . and DEODORIZES. Rinses freely . . . rust inhibited . . . will not destroy septic tank bacteria. No-where can you find so many cost cutting features at such an economical price.

DIRECTIONS

Flush and remove as much water as possible by plunging. Apply STA-PUT Bowl Cleaner inside of lip. Since it is not watery and does not rush to the bottom of the bowl to become deactivated, you can go to the next bowl and start cleaning. When ready to clean, STA-PUT is still on the sides, so swab surface until clean. Rinse by flushing. Use swab or brush to avoid contact with hands. Rinse empty container thoroughly with water and discard it.
