

[706-11]

Spray on skin, keep bugs off

**REPELS: FLIES, MOSQUITOES, GNATS,  
CHIGGERS (RED BUGS), TICKS**

Hold dispenser upright. Point valve toward surface to be sprayed. Spray on exposed skin and clothing where insects are biting through. Spray from a distance of 6 inches or more. Spray cuffs of trousers, socks and other openings in clothing. Repeat when needed.

**FACE:** Spray a small amount on hand and spread on face avoiding eyes and mouth.

Spray on screens to prevent gnats and other smaller insects from entering premises.

**CAUTION**—Contents under pressure. Do not puncture. Exposure to prolonged sunlight or other sources of heat may cause bursting. Do not throw into fire or incinerator.
