

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with the labeling.

### STORAGE AND DISPOSAL

**STORAGE** Store in a cool, dry area away from direct sunlight, flames, and other sources of heat and ignition.

**DISPOSAL** Do not reuse empty container. Wrap container and put in trash collection. Never puncture container nor throw it into fire or incinerator.

### GENERAL INSTRUCTIONS & PREPARATION FOR USE Before using product read entire label carefully.

Close outside doors and windows, open cabinets and doors to areas to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Place 10 stands in the center of each 10' x 10' (6000 cu. ft.) of space to be treated. Cover stand with cloth that may be stained directly and the floor underneath to prevent damage to plastics, fabrics, carpets, walls, etc., from wet particles in the spray.

Lock valve on container by pressing on spray button until the lock clicks. Set a spraying container upright on each stand and LEAVE THE AREA.

Keep out of treated area for at least four hours. Then re-enter, open doors and windows, and allow the area to ventilate for at least 30 minutes before resuming normal activity. Remove fallen insects. Repeat treatment if necessary.

### ONE SHOT AUTOMATIC INSECT SPRAY

KILLS EXPOSED STAGES OF  
FLIES MOSQUITOES ROACHES

### PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS  
AND DOMESTIC ANIMALS

#### CAUTION

Harmful if swallowed or inhaled. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes, or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Wash hands, arms, and face with soap and water after using product, especially before eating or drinking. Remove any contaminated clothing and wash before reuse.

When using this product in food handling areas, apply only when the facility is not in operation. Foods should be removed or covered during treatment. All food processing and preparation surfaces and food preparation and serving utensils must be removed or removed during treatment. Clean these surfaces and utensils thoroughly before using.

Do not use in nurseries, or rooms where infants, young aged persons are confined and cannot be removed during treatment. Remove pets and birds, and cover fish aquariums before spraying.

#### STATEMENT OF PRACTICAL TREATMENT

**IF INHALED** Excessive and/or prolonged. Remove victim to fresh air. If not breathing, give artificial respiration. Prompt medical attention is required.

**IF SWALLOWED** Do NOT induce vomiting. Do not give anything by mouth to an unconscious person. Get medical attention immediately.

**IF IN EYES** Flush with water for 15 minutes. Get medical attention if irritation persists or develops later.

**IF ON SKIN** Wash with plenty of soap and water. Get medical attention if irritation persists or develops later.

**NOTE TO PHYSICIAN** Active ingredients include: Dicyclohexylmethane and 1,1,1-Trichloroethane.

#### PHYSICAL CHEMICAL HAZARDS

Flammable contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or cut. Fragments may become hot. Exposure to temperatures above 54°C (130°F) may cause bursting.

Some plastic sprays may cause damage to some plastics. Do not use on other materials or on some household items.
