Ms. Kim Davis
Jackson and Davis Consultants
P.O. Box 178097
Carrollton, Texas 75011-8097

Dear Ms. Davis:

Subject: Labeling Amendment Submitted with Claire Manufacturing
Company Application Dated 10/28/87
EPA Registration No. 706-38

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the following comments:

1. Use type size complying with 40 CFR 156.10, formally 40 CFR 160.10.

2. Replace the statement "Contact physician if irritation develops or persists." with the statement "Get medical attention if irritation persists." in the Statement of Practical Treatment.

3. Replace the statement "Immediately remove and discard clothing and flush skin with plenty of soap and water." with "Remove contaminated clothing and wash skin with soap and water." in the Statement of Practical Treatment.

4. Delete the phrase "or where free flow of mist is not assured." from the Directions for Use section.

5. Replace the statement "Destroy pet's old bedding and replace." with "Replace pet's old bedding."

6. Replace the statement "In hospitals, patients should be removed from room prior to treatment. Room should be ventilated for five hours after spraying. Do not return patients to room until after ventilation." to the Hazards to Humans and Pets, Animals section.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL INSTRUCTIONS & PREPARATIONS FOR USE: Read entire label carefully before using product.

Put out all flames and pilot lights. Cover exposed food, dishes and food-handling equipment. Open cabinets and doors to areas to be treated. Shut off fans and air conditioners. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 170 cubic meters (6,000 cubic feet) of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

TO OPERATE VALVE: Place several layers of newspaper or a pad on a stand or table in the center of the room. For automatic discharge, lock valve in open position by pressing valve button all the way down, hooking the catch. Then place fogger on stand or table (in center of room) with valve locked open. Leave building at once and keep building closed for four hours before airing out. To air out, open all doors and windows and allow to air for 30 minutes before reoccupying room. Remove fallen insects. Repeat treatment in two weeks or when necessary.

TO KILL TICKS AND FLEAS: Destroy pet's old bedding and replace. Use product as above. Do not use this product on pets. Prior to re-entry, treat dogs and cats with a product registered for use on pets.

STORAGE & DISPOSAL

Storage: Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from direct sunlight, windows, flames and any other sources of heat or ignition.

Disposal: Replace cap, wrap in several layers of newspaper and discard in trash. Do not puncture or incinerate container.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS CAUTION

Harmful if inhaled or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes or clothing.

Avoid contamination of food and feedstuffs. When using this product in food handling areas, apply only when the facility is not in

SIDE PANEL (continued) - Claire One Shot Automatic Insect Spray

operation. Foods should be removed or covered during treatment. All food processing and preparation surfaces, and food preparation and serving utensils, must be covered or removed during treatment. Clean these surfaces and utensils thoroughly with a suitable cleaning compound and rinse with potable water before using.

Do not use in nurseries or rooms where infants, ill or aged persons are confined and cannot be removed during treatment. Remove pets and birds, and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

- If Inhaled:** Remove victim to fresh air and apply artificial respiration if warranted.
- If On Skin:** Immediately remove contaminated clothing and flush skin with plenty of soap and water. Contact a physician if irritation develops or persists. Wash contaminated clothing prior to reuse.
- If In Eyes:** Flush eyes with plenty of water. Contact a physician if irritation develops or persists.

24 HOUR EMERGENCY NUMBER --- 1-800-228-5635

PHYSICAL & CHEMICAL HAZARDS

EXTREMELY FLAMMABLE. Contents under pressure. Do not use or store near fire, sparks or heated surfaces. Turn off pilot lights in gas appliances and unplug or turn off electrical equipment in the use area. After the airing out phase is completed, relight pilot lights and reconnect electrical current. Do not smoke in the use area. Do not puncture or incinerate container. Exposure to temperatures above 120 F may cause bursting. Incineration of container may cause explosion.

Solvents in spray may cause damage to some plastics, coating and other materials, and to some house plants, if sprayed until wet.
