Ms. Kim Davis  
Jackson and Davis  
P.O. Box 118097  
Carrollton, TX 75011-8097

Dear Ms. Davis,

Subject: Chemical Identity of Vandor L3R Lavender  
Claire Fast Kill Residual Roach & Ant Killer  
EPA Registration Number 706-59  
Your Supplier's Letter Dated December 6, 1988

The information submitted on the subject fragrance (i.e., the chemical identity of components, the Material Safety Data Sheet, and Chemical Abstract Numbers) is acceptable and has been made a part of the record for this product.

Sincerely,

George T. LaRocca  
Product Manager (15)  
Insecticide-Rodenticide Branch  
Registration Division (H7505C)

*Ed Mankin 5/23/90*

MASTER APPLICATIONS ADDISON ILLINOIS

c-301

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Remove the cap. Hold can upright. Press button to release spray. Spray surfaces to be treated only until wet.

**FOR USE IN HOMES**

**ROACHES, WATERBUGS, SILVERFISH, CRICKETS, CARPET BEETLES:** Spray infested cracks and hiding places thoroughly. Direct spray into moist places, and around sinks, bath tubs, drains, laundry tubs, pipes through walls and floors. Spray behind cabinets, stove, refrigerator and counters. Will not stain wood-work. To control carpet beetles spray the underside of carpets.

**ANTS:** Thoroughly spray ant trails and areas around door frames and window sills. It is frequently desirable to treat the openings around water pipes, heat ducts, electrical outlets and baseboards where ants may come out into rooms from wall spaces and partitions.

**SPIDERS AND SCORPIONS:** Spray wherever these pests may enter the home such as around door frames and window sills in garages, storage sheds, cabins, outhouses, spray until wet where these pests crawl.

**FLIES, MOSQUITOES, GNATS, WASPS, JUNE BUGS, FLYING MOTHS:** As an aid to reduce the annoyance from these insects in entering the home. Spray the outside surfaces of screens, doors and window frames and other places such as open porch fixtures where these insects gather.

Repeat treatment as necessary for effective control. Spray infested surfaces until wet.

**APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A SPOT AND/OR CRACK AND CREVICE TREATMENT IS NOT PERMITTED.**

**Application Within Food Handling Establishments:** (places other than private residences in which exposed food is held, processed, prepared or served) including, but not limited to, areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing foods, edible waste storage and enclosed processing systems (mills, driers, edible oils, syrups) and serving areas (when food is exposed and facility is in operation). Use as a crack and crevice treatment in and around both food and nonfood areas to control ants, cockroaches, crickets, silverfish, spiders and waterbugs. Apply in small amounts directly into cracks and crevices, using equipment capable of delivering a pin stream of insecticide, in points between different elements of construction, between equipment and floor openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, meter housings, junction or switch boxes. Prior to application de-energize electrical equipment. Limit spot treatments to floor surfaces where pests have been seen or where they are suspected of hiding. Limit individual spot treatments to an area no larger than 10% of the floor surface. Individual spot treatments should not exceed two square feet. Take extreme care that the product is not introduced into the air. Avoid contamination of food and food processing surfaces.

For Use in Homes, Hospitals, Nursing Homes, Hotels, Motels, Restaurants, Schools and Other Institutions and Commercial Establishments

**Application Within Food Serving Areas** (Facilities where foods are served, such as dining rooms, but excluding areas where food may be prepared or held): Apply as a spot treatment to selective surfaces, such as baseboards, under elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. Do not apply when facility is in operation or foods are exposed.

**Storage:** Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from direct sunlight, flames and other sources of heat or ignition.

**Disposal:** Replace cap, wrap container in several layers of newspaper and dispose in trash. Do not incinerate or puncture.

**PRECAUTIONARY STATEMENTS**

**Hazardous To Humans & Domestic Animals**  
**CAUTION:** Harmful if inhaled or absorbed through the skin. Do not breathe vapors or spray mist. Avoid contact with eyes, skin or clothing. Avoid contamination of feed and foodstuffs and domestic water supplies. Do not smoke while using. Remove pets and cover fish aquaria before spraying. Do not allow children or pets to contact treated surface until spray has dried. Do not use as a space spray.

**STATEMENT OF PRACTICAL TREATMENT**

**If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated.

**If On Skin:** Remove contaminated clothing. Immediately wash skin with soap and water. Contact a physician if irritation persists. Wash clothing before reuse.

**If In Eyes:** Immediately flush eyes with plenty of water. Contact a physician if irritation persists.

**NOTE TO PHYSICIAN:** Solvent may present aspiration hazard. Gastric lavage may be indicated if product was taken internally. Diazinon is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. Z-PAM is also antidotal and may be administered, but only in conjunction with atropine.

24 HOUR MEDICAL EMERGENCY 1-800-228-5635

**PHYSICAL OR CHEMICAL HAZARDS**

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not store in direct sunlight. Exposure to temperatures above 120° F may cause bursting. Do not puncture or incinerate containers.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish. Keep out of lakes, ponds or streams. Do not contaminate water by cleaning of equipment or disposal of wastes.
