2. Signature 	3. Title Consultant/Agent		
4. Typed Name Kim Davis	5. Date June 21, 1993		

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL INSTRUCTIONS FOR USE: Read the **WHOLE** label carefully. **BEFORE** using product. **FOR OUTDOOR USE ONLY.** Do not use inside buildings inhabited by humans, domestic animals or pets.

Always hold dispenser upright. Point spray opening away from face, other persons or pets. Aim with caution, with spray opening toward nest, and push button firmly to activate jet stream. Thoroughly wet the nest and any visible insects. Best personal safety and insecticidal results are obtained if the spraying is done during the evening after insects have congregated and are at rest.

The sprayed nests should be rid of these pests within 24 hours after treatment. The spray will leave a residual coating of insecticide that will continue to kill after application. If reinfestation occurs due to migration, removal of insecticide coating by rain or cleaning solution, or if insects return or rebuild nests, repeat the treatment.

STORAGE: Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from direct sunlight, windows, flames or other sources of heat or ignition. **DISPOSAL:** Replace cap, wrap container in several layers of newspaper and discard in trash collection. Do not incinerate or puncture.

PRECAUTIONARY STATEMENTS**Hazards To Humans & Domestic Animals**

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing vapors. Avoid contact with skin, eyes or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after using.

Do not use on humans, domestic animals or pets. Do not use in food processing, preparation, storage or serving areas of food handling establishments or homes. Do not contaminate food, edible crops, feeds or drinking water. Do not contaminate those surfaces of any harvesting or processing equipment which will contact edible products. Do not use on nests located in fruit trees.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Do not induce vomiting due to aspiration hazard. Contact a physician or poison control center immediately. If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated. Contact a physician if necessary. If On Skin: Immediately remove contaminated clothing. Wash affected area of skin with soap and warm water. Contact a physician if irritation persists. Wash clothing prior to reuse. If In Eyes: Immediately flush eyes with plenty of water. Contact a physician if irritation persists. **NOTE TO PHYSICIAN:** Malathion and dichlorvos are organophosphate insecticides. If symptoms of cholinesterase inhibition are present atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine. Schervel presents aspiration hazard. Gastric lavage is indicated if material was taken internally.

24 HOUR MEDICAL EMERGENCY 1-800-225-5634 Ext. 600

PHYSICAL OR CHEMICAL HAZARDS

Extremely Flammable. Contents under pressure. Do not use or store near fire, sparks or heated surfaces. Do not store in direct sunlight. Do not smoke while using this product. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Incineration of container may cause explosion. May cause damage to some plastics, coatings and other materials, and to some trees, shrubs, grasses and other plants.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, birds and aquatic invertebrates including aquatic life stages of amphibians. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in areas near the application site. Do not contaminate water when disposing of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

ATTN: George T. LaRocca, Product Manager 13

Dear Mr. LaRocca:

SUBJECT: Claire Manufacturing Company
Claire Golden Jet Bee, Wasp & Hornet Killer
EPA Reg. No. 706-72
PR Notice 93-3 Notification

On behalf of its client, Claire Manufacturing Company, RegWest Company is submitting the enclosed documents in support of a label revision notification for subject product. RegWest Company will act as sole agent in this endeavor.

Enclosed are the following:

1. Application for Pesticide: Other [OPP IDN 189606]
2. Five copies of revised final printed labeling (silkscreened container)

The only change to this label occurs in the *Environmental Hazards* section. The previous label had the word "wetlands." Therefore, the label has been changed to comply with PR Notice 93-3.

Please contact me at (303) 353-0611 if you have any questions concerning this submission.

Regards,

REGWEST COMPANY

Kim Davis
