**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling  
**SHAKE WELL BEFORE USING**

To operate hold can upright, direct orifice toward the surface to be treated and press the actuator button. Do not use as a space spray.

**To Kill ANTS, CARPET BEATLES, CENTIPEDES, COCKROACHES, CRICKETS, EARWIGS, FIREBRATS, PILL BUGS, SILVERFISH and SPIDERS:** Thoroughly apply as a spot treatment to areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices under carpets, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and points of entry.  
**To Kill BROWN DOGTICKS:** Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, and nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

**To control HOUSEFLIES, GNATS, HORNETS, MOSQUITOS, SMALL FLYING MOTHS, WASPS and YELLOW JACKETS:** Use only on outdoor surfaces. Spray outside surface of window and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

**SERVING AREAS-SPOT TREATMENT**

**APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A SPOT AND/OR CRACK AND CREVICE TREATMENT IS NOT PERMITTED.**

**Application within food handling establishments:** (Places other than private residences in which exposed food is held, processed, prepared or served including, but not limited to, areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing foods, edible waste storage and enclosed processing systems (mills, driers, edible oils, syrups) and serving areas (when food is exposed and facility is in operation)) Use as a crack and crevice treatment in and around both food and nonfood areas to control ants, cockroaches, crickets, silverfish, spiders, and waterbugs. Apply in small amounts directly into cracks and crevices, delivering a post stream of insecticide in points between different elements of construction, between equipment and floor, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings, junction or switch boxes. Prior to application, de-energize electrical equipment. Limit spot treatments to floor surfaces where pests have been seen or where they are suspected of hiding. Limit of individual spot treatment should not exceed two square feet. Take extreme care that the product is not introduced directly into the air. Avoid contamination of food and food processing surfaces.

**Application within food serving area (facilities where foods are served, such as dining rooms, but excluding areas where food may be prepared or held):** Apply as a spot treatment to selected surfaces, such as baseboards, under elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. Do not apply when facility is in operation or foods are exposed.

**STORAGE & DISPOSAL**

**STORAGE:** Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from direct sunlight, flames and other sources of heat or ignition.

**DISPOSAL:** Replace cap, wrap container in several layers of newspaper and dispose in trash. Do not incinerate or puncture.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans & Domestic Animals**

**CAUTION:** Harmful if inhaled or absorbed through the skin. Do not breathe vapors or spray mist. Avoid contact with eyes, skin or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after handling. Do not allow children or pets to contact treated surfaces until spray has dried. Do not spray air in rooms or use on plants. Apply as a surface spray only. Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils contaminated with this product. Remove pets and cover fish aquariums before spraying.

**STATEMENT OF PRACTICAL TREATMENT**

**If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated. Call a physician or Poison Control Center if warranted. **If On Skin:** Immediately remove contaminated clothing. Wash affected areas with soap and water. Call a physician if irritation persists. **If Swallowed:** Call a physician or poison control center immediately. Gastric lavage is indicated if material was taken internally. **DO NOT INDUCE VOMITING.** Vomiting may cause aspiration pneumonia. **NOTE TO PHYSICIAN:** Chlorthal is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

24 HOUR EMERGENCY NUMBER 1-800-228-5635

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds and other wildlife. Do not apply directly to lakes, streams or ponds. Do not contaminate water by disposal of wastes. Apply this product only as specified on this label.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near fire, sparks or heated surfaces. Do not store in direct sunlight. Do not shake while using this product. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Incineration of contents may cause explosion.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
**SHAKE WELL BEFORE USING**

To operate hold can upright, point nozzle toward the surface to be treated and press the actuator button. Do not use as a space spray.

**To kill ANTS, CARPET BEATLES, CENTIPEDES, COCKROACHES, CRICKETS, EARWIGS, FIREBRATS, PILL BEGS, SILVERFISH and SPIDERS:** Thoroughly apply as a spot treatment to areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices, under carpets, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, cabinets and around garbage cans, plumbing and other utility installations. Parts driven out of hiding places should be sprayed directly. Spray and trails, nests and points of entry.

**To kill BROWN DOG TICKS:** Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, and nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

**To control HOUSEFLIES, GNATS, HORNETS, MOSQUITOS, SMALL FLYING MOTHS, WASPS and YELLOW JACKETS:** Use only on outside surfaces. Spray outside surface of window and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, patios and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

#### SERVING AREAS-SPOT TREATMENT

**APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A SPOT AND/OR CRACK AND CREVICE TREATMENT IS NOT PERMITTED.**

Application within food handling establishments [Places other than private residences in which exposed food is held, processed, prepared or served including, but not limited to, areas for receiving, storage, packing (cans, bottles, wrapping, boxing), preparing foods, edible waste storage and enclosed processing systems (mills, driers, extruders, syring) and serving areas (where food is exposed and facility is in operation)]. Use as a crack and crevice treatment in and around both food and nonfood areas to control ants, cockroaches, crickets, silverfish, spiders, and waterbugs. Apply in small amounts directly into cracks and crevices, delivering a pin stream of insecticide in points between different elements of construction, between equipment and floor, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings, junction or switch boxes. Prior to application, de-energize electrical equipment. Limit spot treatments to floor surfaces where pests have been seen or where they are suspected of hiding. Limit of individual spot treatment should not exceed two square feet. Take extreme care that the product is not introduced directly into the air. Avoid contamination of food and food processing surfaces.

Application within food serving area (facilities where foods are served, such as dining rooms, but excluding areas where food may be prepared or held). Apply as a spot treatment to selected surfaces, such as baseboards, under elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. Do not apply when facility is in operation or foods are exposed.

#### STORAGE & DISPOSAL

**STORAGE:** Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from direct sunlight, flames and other sources of heat or ignition.

**DISPOSAL:** Replace cap, wrap container in several layers of newspaper and dispose in trash. Do not incinerate or puncture.

#### PRECAUTIONARY STATEMENTS

##### Hazards to Humans & Domestic Animals

**CAUTION:** Harmful if inhaled or absorbed through the skin. Do not breathe vapors or spray mist. Avoid contact with eyes, skin or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after handling.

Do not allow children or pets to contact treated surfaces until spray has dried. Do not spray on or use on plants. Apply as a surface spray only. Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils contaminated with this product. Remove pets and cover fish aquariums before spraying.

#### STATEMENT OF PRACTICAL TREATMENT

**If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated. Call a physician or Poison Control Center if warranted. **If On Skin:** Immediately remove contaminated clothing. Wash affected areas with soap and water. Call a physician if irritation persists. **Wash clothing before reuse.** **If In Eyes:** Immediately flush eyes with plenty of water. Call a physician if irritation persists. **If Swallowed:** Call a physician or poison control center immediately. Gastric lavage is indicated if material was taken internally. **DO NOT INDUCE VOMITING.** Vomiting may cause aspiration pneumonia.

**NOTE TO PHYSICIAN:** Dazomet is an organophosphorus insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.
