Claire Manufacturing Company
c/o RegWest Company, LLC
30856 Rocky Road
Greeley, CO 80631-9375

**Subject: Amended Labeling, Addition of Canneries & Graphics, Deletion of Text
Claire® Bug Buster Insect Killer, EPA Reg. No. 706-107
Your Submission Dated November 17, 2009**

Dear Ms. Davis:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable with the following label revision provision(s):

Optional Marketing Statements section comment(s):

1. Revise the 1st optional marketing statement to read "Contains Pyrethrins, A Botanical Insecticide."
2. In the 8th and 9th optional marketing statements, replace the words "Pyrethrin Kills" with the words "Pyrethrins Kill."
3. In the 10th and 11th optional marketing statements, replace the words "For Use in Homes to Kill ..." with the words "For Indoor Use in Homes to Kill ..."

First Aid Statement section comment(s):

4. Replace the 2nd sentence from the "HOT LINE NUMBER" subsection with the following: "For additional information on this product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-228-5635." Please note that the "1-800-228-5635" number listed must be available twenty-four (24) hours per day, seven (7) days per week for answering and responding to any medical emergencies or health concerns.

Storage and Disposal Statement section comment(s):

5. Replace this section with:

Storage and Disposal

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store this product in a cool, dry (preferably locked) storage area that is away from children or pets. Do not use near heat or open flame.

Container Disposal: Do not puncture or incinerate! **If empty:** Offer for recycling if available. **If partially filled:** Call your local solid waste agency for disposal instructions.

2018

Should Claire Manufacturing Company wish to add/retain a reference to the company's website on your label, please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, Waterbury Companies, Inc. may refer consumers to the company's phone number or e-mail address.

A copy of your label stamped "Accepted with Comments" is enclosed for your records. Please submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA. Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

If you have any questions about this label review, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely yours,

For

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7505P)

First Aid

If on Skin or Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If in Eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. • Call a poison control center or doctor for treatment advice.

4098

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-228-5635 for emergency medical treatment information.

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Wear protective eyewear, long-sleeved shirt and long pants, socks, shoes and gloves. Remove and wash contaminated clothing before reuse.

Environmental Hazards

This product is toxic to fish. For terrestrial uses, do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Before Use, Completely Read All Directions.

For most effective results, follow directions for specific use areas.

Shake Before Use and at Intervals During Prolonged Use.

Hold container upright with nozzle pointing away from face. Press valve down and spray as directed.

Claire Bug Buster Insect Killer [This product] contains a botanical insecticide, Pyrethrins [an extract of a Chrysanthemum flower], that provides effective kill.

Use *Claire Bug Buster Insect Killer* [this product] in listed animal quarters. *Claire Bug Buster Insect Killer* [This product] kills the listed pests. Also use *Claire Bug Buster Insect Killer* [this product] on listed livestock and horses to kill pests on these animals.

Use *Claire Bug Buster Insect Killer* [this product] in listed pet quarters. *Claire Bug Buster Insect Killer* [This product] kills the listed pests.

Use *Claire Bug Buster Insect Killer* [this product] in restaurants and other listed areas to kill, on contact, listed crawling pests and as a product for flying insect control.

For use in: Animal Holding Areas, Animal Quarters, Attics, Barns, Beef Barns, Bottling Plants, Buildings Housing Animals or Poultry, Calving Barns, Canneries, Commercial Buildings, Crematoriums, Dairy Barns, Dairies, Dried Fruit Storage Areas, Dumpsters, Factories, Farm Structures, Food Processing Plants, Food Storage Areas, Funeral Parlors, Garbage Cans, Goat Holding Areas, Grain Elevators, Grain Storage, Hog Barns, Homes, Horse Stables, Hotels, Industrial Plants, Institutions, Kennels, Kitchens, Livestock Holding Areas, Loafing Sheds, Mausoleums, Milk Houses, Milk Rooms, Milk Sheds, Milking Rooms, Mortuaries, Pet Sleeping Areas, Poultry Houses, Railroad Cars, Restaurants, Rice Mills, Seed Storage, Sheep Holding Areas, Stables, Storage Areas [Sites], Stored Products Areas [Sites], Supermarkets, Swine Houses, Theaters, Tobacco Warehouses, Trailers, Tree Nut Storage Areas, Trucks, Utility Rooms, Veterinary Clinics, Warehouses, Washrooms and Wheat Mills. [Industrial] [Institutional]

For use on: Ant Hills and Trails, Livestock, Furniture, Carpets, Mattresses, Pet Bedding and Indoor Structural Surfaces.

INDOOR AGRICULTURAL USE:

Animal Quarters, Barns, Dairies, Milking Parlors, Milking Rooms, Poultry Houses and other listed animal areas:

Use restrictions: Do not breathe dust, vapors or spray mist. Remove or cover exposed food and water before application. When used in dairy barns or facilities: Close milk bulk tank lids to prevent contamination from spray and from dust or falling insects. Remove or cover milking utensils before application. Wash teats of animals before milking. Do not apply more than 1 time per day. Do not reapply within 1 day. Do not remain in treated area. Do not allow unprotected persons to enter until treated area has been thoroughly ventilated.

To kill Flies, Gnats, Stable Flies, House Flies, Horse Flies, Lesser House Flies, Deer Flies, Horn Flies and Black Flies: Spray at the rate of 5 to 10 seconds per 1000 cubic feet of space, directing the spray toward the ceiling and upper corners of the room and not directly toward the animals or birds. For best results close doors and windows, if possible, before spraying and keep them closed for 10 to 15 minutes. Vacate the treated area and ventilate prior to returning.

For Use on Livestock:

Use restrictions: Do not apply more than 1 time per day. Do not reapply within 1 day. Do not breathe dust, vapors or spray mist. Do not allow dust or spray to contact unprotected persons.

To treat beef cattle, dairy cattle, horses and other livestock from attacks and to kill Stable Flies, Horse Flies, Deer Flies, House Flies, Horn Flies, Lesser House Flies and Gnats, spray approximately 3 seconds on each side of animal, being careful to thoroughly spray back, withers and forelegs.

To treat for Face Flies, spray the face and head or spray on a cloth and rub on the face, being certain to avoid contact with the eyes.

To kill exposed stages of Darkling Beetles, thoroughly spray roosts, walls and nests or cages; then spray a fine mist over the birds.

To kill exposed stages of Bedbugs on poultry and in poultry houses, spray crevices of roost poles, cracks in walls and cracks in nests where the bedbugs hide; then spray a fine mist over the birds.

To kill exposed stages of sheep "Tick" or Ked, thoroughly wet all portions of the body by spraying directly into the wool. Treat at a rate to sufficiently wet the animal.

To kill Fleas on livestock spray sufficiently to wet the animal. Kills adult fleas on contact. Retreatment required for control of pests.

For Use in Storage Sites:

Use this product in/on warehouse bins, trucks, cargo ships, mills, bin hoppers, elevators and conveying equipment as a clean-up prior to using them for storage. In mills and elevators, remove all grain-infested accumulations from the bin hoppers. Thoroughly clean all storage and conveying equipment by sweeping out the waste grain, cobwebs and other debris from the walls, rafters, floors and door frames paying special attention to material lodged in the cracks and crevices. Remove and burn all of the debris to kill eggs and insects that may be present. For farms, pay particular attention to cleaning up grain residues from wagons, harvesting equipment and feed troughs and around used feed and grain bags. Do not place newly harvested grain in the same bin with carry-over grain; fumigate all carry-over grain stocks that are not treated with grain protectant. Perform these cleaning operations within two or three weeks before harvest. After above sanitation measures have been employed, spray all areas as directed prior to use for storage.

6098

INDOOR USE:

Food Processing/Handling:

Space Treatment:

Use restrictions as a space spray: Remove or cover exposed food and water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them thoroughly before use. Do not breathe dust, vapors or spray mist. Do not apply more than 1 time per day. Do not reapply within 1 day. Do not allow spray to contact unprotected persons. Do not remain in treated area. Do not allow unprotected persons to enter until treated area has been thoroughly ventilated. Do not make space spray applications when facility is in operation. During space spray applications, cover or remove food. During space spray applications, cover food processing surfaces or clean after treatment with a suitable detergent and rinse with potable water before use.

For Use in Food and Nonfood Areas of Food Processing Plants, Industrial Installations, Bakeries, Rice and Wheat Mills, Restaurants, Tobacco Warehouses, Grain Elevators and Warehouses: To kill exposed adult Flies, Gnats, Flying Moths, Indian Meal Moths, Angoumois Grain Moths, Tobacco Moths, Clothes Moths, Chocolate Moths, Almond Moths, Miller Moths and other listed flying insects: Close all doors and windows, turn off fans and air conditioning units and spray upward into center of room using a slow sweeping motion. Spray 5 to 10 seconds for average size room [1000 cubic feet] [10 ft. x 12. ft. x 8 ft.]. Direct spray into all parts of the room, paying special attention to hiding places. Keep room closed for 15 minutes after spraying then ventilate room for 15 minutes before reentry. Sweep up and discard fallen insects.

Exposed stages of Indian Meal Moths, Angoumois Grain Moths, Tobacco Moths, Chocolate Moths, Almond Moths, Millers and other listed flying moths: Direct spray into all parts of room, especially around stored food product containers, pallets and darkened areas.

Surface Spray:

Use restrictions as a surface spray (all sites): Remove or cover exposed food and water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them thoroughly before use. Do not breathe vapors or spray mist. Do not apply more than 1 time per day. Do not reapply within 1 day. Do not allow spray to contact unprotected persons. Do not allow unprotected persons to enter treated area until spray has dried. Do not wet articles to point of runoff or drip. Do not use treated article until spray has dried. Remove pets, birds and cover fish aquariums before spraying.

Contact as many insects as possible with this spray. Apply spray at the rate of 30 seconds for each 100 square feet of surface area. Keep area closed for 45 minutes after treatment then ventilate room for 20 minutes before reentry.

Cockroaches [(Smoky Brown, Brown-Banded, Asian, German, American, Australian, Oriental, Waterbugs, Palmetto Bugs), Crickets, Firebrats, Silverfish, Booklice, Scorpions, Spiders, Centipedes, Sowbugs, Pillbugs, Earwigs, Clover Mites and Millipedes]: Thoroughly spray all parts of the room suspected of harboring these pests. Pay special attention to hiding places such as cracks and crevices; behind and beneath sinks, stoves, refrigerators; around drains, pipes, plumbing, garbage cans; in cabinets, storage and other utility installation areas; along baseboards, door sills, frames and floors; behind bookcases; contacting insects with spray whenever possible.

Exposed Stages of Flour Beetles, Cadelles, Rice Weevils, Flat Grain Beetles, Cigarette Beetles, Confused Flour Beetles, Drugstore Beetles, Lesser Grain Borers, Merchant Grain Beetles, Sawtoothed Grain Beetles, Grain Weevils, Warehouse Beetles, Red Flour Beetles, Grain Mites, Cheese Mites, Flour Beetles and Indian Mealworms: Find and destroy infested package goods [sacks] [boxes] [cartons] [containers]. Remove all other items from shelves and drawers and thoroughly clean. Spray into cracks, crevices, shelves, drawers, cabinets, processing and handling equipment, around cartons or containers and other areas where these insects tend to congregate.

Residential Use:

Use restrictions: Remove pets, birds and cover fish aquariums before spraying.

Carpet Beetles [Dermestids (Trogoderma)]: Directly spray as many insects as possible. Spray both interior and exterior of furniture. Thoroughly spray both top and bottom of rugs and carpets, where possible. Also treat shelves, closets, areas under furniture, floors, walls, baseboards and wherever these insects are seen or suspected.

7068

Clothes Moths and Other Flying Moths: Remove any infested articles from storage, thoroughly brush, then air for several hours in sunlight, if possible. Liberally apply product to empty chests, closets, bureaus and other storage areas directing the spray into cracks, joints and crevices. Return clean articles after spray has thoroughly dried.

Bedbugs: Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, moldings and floors. Allow treated fabric to thoroughly dry before using.

OUTDOOR USE:

Space Treatment:

Use restrictions: Remove or cover exposed food and drinking water before application. Do not apply more than 1 time per day. Do not reapply within 1 day. Do not allow spray to contact unprotected persons. Do not wet articles to point of runoff or drip. Do not breathe dust, vapors or spray mist.

To Kill Adult Gnats, Midges, Flies and Flying Insects (except mosquitoes): Use prior to outdoor activities to reduce annoyance from these and other flying pests. Spray around patios, porches, gazebos, shrubbery, vegetation and other listed areas where flying insects may rest. For best results treat when the wind velocity does not exceed 5 miles per hour.

Surface Treatment:

Use restrictions: Do not apply more than 1 time per day. Do not reapply within 1 day. Do not allow spray to contact unprotected persons. Do not use treated article until spray has dried. Do not breathe dust, vapors or spray mist. Do not allow unprotected persons to enter treated area until spray has dried.

To kill Ants, Foraging Fire Ants, Pharaoh Ants and Carpenter Ants [Eastern] [Western]: Treat ant trails and hills, doors and around window frames and other areas of entry. Spray on ants whenever possible.

For Use on Pet Areas (except fish ponds, aquariums) Indoors and Outdoors:

Use restrictions: Do not apply when other persons are present. Do not apply when pets are present. Remove or cover exposed food and water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them thoroughly before use. Do not breathe dust, vapors or spray mist. Do not allow adults, children or pets to enter treated area until spray has dried. Do not wet articles to point of runoff or drip. Do not use treated article until spray has dried. Do not allow pets to contact treated bedding until spray has dried.

Remove and either launder or destroy pet's old bedding. To reduce infestation, thoroughly spray until slightly moist, the animal's clean bedding, sleeping quarters, kennel, around baseboards, window and doorframes, wall cracks, local areas of floors and other resting places. **Kills adult fleas on contact.** Retreatment required for control of pests. Treat these areas at the rate of two [2] seconds per linear foot at a distance of 12 to 18 inches. Also spray the entire inside surface of doghouses. Put fresh bedding in pet's quarters after spray has dried. For best results, treat pets with an EPA-registered flea and tick control product labeled for use on pets before they return to the treated area. **Do not treat pets with this product.**

Storage and Disposal

Storage: Store in a cool, dry place away from heat or open flame. **Disposal:** Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.
