 12 JUL 1979
 UNDER THE FEDERAL PESTICIDE
 FUNGICIDE AND ROBOTICIDE ACT
 FOR ECONOMIC POISON REGIS-
 TERED UNDER NO. 707 129

8834 R0a

DIRECTIONS FOR USE
GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner not on the label.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. If plastic, do not reuse empty container.

DISPOSAL: Pesticide or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Triple rinse (or equivalent) all containers and, for metal containers, offer for recycling or reconditioning (for plastic containers, do not offer for recycling), or dispose in landfill approved for pesticide containers or bury in a safe place. Consult federal, state or local disposal authorities for approved alternative procedures.

TREATMENT

Mathon 886 MW is recommended for the control of bacteria in polymer latices including acrylic, styrene-butadiene, carboxylated styrene-butadiene, ethylene vinyl acetate and polyvinyl acetate emulsions.

Add 0.55 to 4.5 lb. Mathon 886 MW (25 to 200 g) to each 100 lb. (45.3 kg) of emulsion to provide 55 to 450 ppm product (16.25 to 50 ppm active chlorazolin). Mathon 886 MW weighs 10.4 lbs./gal.

To insure uniform distribution and prevent any possible localized physical reactions, mix to the rated life of Mathon 886 MW with 9 parts water and slowly dispense into the latex with agitation.

The actual concentration of Mathon 886 MW required will depend upon such factors as the specific latex formulation, repeated microbial contamination expected, and equipment used.

NOTICE: See warranty for the product. The description and use of this product are subject to change without notice. When used in accordance with the label, the manufacturer warrants that the product will perform as described. The warranty does not cover damage to property or persons caused by the use of this product in a manner not intended by the manufacturer. The manufacturer is not responsible for the use of this product in a manner not intended by the manufacturer.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS (and DOMESTIC ANIMALS)**

DANGER

CORROSIVE.

CAUSES EYE DAMAGE AND SKIN BURNS.

MAY CAUSE ALLERGIC SKIN REACTION.

MAY BE HARMFUL IF INHALED.

**MAY BE FATAL IF SWALLOWED OR ABSORBED
THROUGH THE SKIN.**

Do not get in eyes, on skin or clothing. Wear goggles or face shield and rubber gloves when handling. Avoid breathing vapor or mist. Avoid contamination of food. Do not take internally. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Do not treat with water for drinking. Do not mix with other chemicals.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Do not induce vomiting. Give water to drink. If unconscious, give water by mouth. If conscious, give water to drink. If vomiting occurs, do not stop. If breathing is difficult, give oxygen. If necessary, give artificial respiration. If necessary, give medical attention.

IF INHALED: Remove to fresh air. If breathing is difficult, give oxygen. If necessary, give artificial respiration. If necessary, give medical attention.

IF ON SKIN: Wash with water. If necessary, give medical attention.

IF IN EYES: Flush with water. If necessary, give medical attention.

NOTE TO PHYSICIAN:

Do not induce vomiting. Give water to drink. If unconscious, give water by mouth. If conscious, give water to drink. If vomiting occurs, do not stop. If breathing is difficult, give oxygen. If necessary, give artificial respiration. If necessary, give medical attention.
