NOTE: Change in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(C) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 707-175".
- b. Correct the spelling of the word: "inconsistent".
- c. Revise the statement; "...Harmful if swallowed..." to read: "Harmful or fatal if swallowed..."
- d. Revise the statement: "Keep away from heat, sparks, and flame..." to read:

Do not use or store near heat or open flame.

e. Revise the statement:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit.

to read:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge.

f. Clearly indicate that this product is to be formulated into marine antifoulant paints for boats and/or vessels only.

3. Inform the end-use formulators that even though at this time, no additional ecological effects data and environmental fate data will be required for this manufacturing use product, additional data will be required for end-use formulators. The additional data is a Leaching-from-the-matrix study. Note: Leaching studies are formulation specific.

Just a reminder that after a review of that data, additional data especially data which is currently held in reserve, may also be required to be submitted for review. The following data is held in reserve:

- Bioaccumulation in Aquatic non-target organisms
- Surface water monitoring
- Aquatic field dissipation

4. Inform the end-use formulators that at this time, the data only supports the formulation of marine antifoulant paints for boats and/vessels only, and that to extend the use to other structures or to freshwater applications will require additional data.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.
