STATEMENT OF PRACTICAL TREATMENT and the second second

EINTEMES: Flusheyes immediately with plenty of water for at least 15 minutes. Get medical

attention if irritation persists IF ON SKIN. Wash thoroughly with soap and plenty of water. Remove contaminated clothing and wash before re-use. Get medical attention if irritation occurs.

LED: Remove person to fresh air. Get medical attention.

SWALLOWED: Washimouth thoroughly with plenty of water and give water or milk to drink. Get dical attention immediately Do not give liquids to an unconscious person. OTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

#### ALE AND WARRANTY

hm and Haas warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use: ROHM AND HAAS MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES EITHER OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE. Handling, storage, and use of the product by Buyer or User are beyond the control of Rohm and Haas and Seller. Risks such as ineffectiveness or other unintended consequences resulting from, but not limited to, failure to follow label directions will be assumed by the Buyer or User: IN NO CASE WILL ROHM AND HAAS OR SELLER BE HELD LIABLE FOR CONSEQUENTIAL, ECIAL OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT. 

CORROSIVE CAUSES SEVERE EYE DAMAGE AND SKIN BURNS MAY BE FATAL IF ABSORBED THROUGH THE SKIN OR SWALLOWED MAY CAUSE ALLERGIC SKIN REACTION MAY BE FATAL IF INHALED

This product is a dermal sensitizer. Do not get in eyes, on skin, or on clothing. Wear goggles, protective clothing and rubber gloves. Wear a mask or pesticide respirator jointly approved by Mine Safety and Health Administration and the National Institute for Occupational Safety and Health. Avoid breathing vapor or mist. Keep container closed. Use with adequate ventilation. Do not take internally. Wash thoroughly with soap and water after handling.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer. systems without previously notifying the sewage treatment plant authority. For guidance contact yours State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label. 

Kordek 50C weighs 9.7 lbs per gallon whet a specified of conversion and international design of the Product Code (91)

#### STORAGE AND DISPOSAL PROHIBITIONS

This product is corrosive to mild steel. Do not store or transport in unlined metal containers. Do not contaminate with strong oxidizing or reducing agents. Do not contaminate water; food, or feed by storage or disposal or cleaning of equipment

#### PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

#### CONTAINER DISPOSAL

METAL CONTAINERS

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

GENERAL: CONSULT FEDERAL, STATE OR LOCAL DISPOSAL AUTHORITIES FOR APPROVED ALTERNATIVE PROCEDURES.

Date of Manufacture: location for date EPA Reg. No. 707-256 EPA Est. No. establishment number

### DIRECTIONS FOR USE It is a violation of Federal aw jouse this product in a manner inconsistent with its labeling. To be used only by technically qualified persons. This product is not cleared to use in those indirect food applications which are regulated by the Food and Drug Administration (FDA) under the Federal Food Drug and Cosmetic Act

Refer to the table at the end of this section for dosing details for the following applications. Metalworking Fuld Preservation Tankside Addition The tail working fund Preservation an kind e Addition and start as a set of the source Paint and Coating Preservation Kordek 50C microbicide is recommended as an in-container preservative for the control of bacteria and fungi in water-based coatings such as paper and wood coatings and paints used for architectural. product finishes, and special purpose coatings. **Building Material Preservation** in termine . of treatment may be required depending upon rate of dilution of the preservative with id the nature and severity of contamination, level of control required, filtration straystem design Kordek 50C microbicide is recommended as an in-container preservative for the control of bacteria and fungi in building materials such as mastics, caulks, joint cements, spackling and grouting. In-Container Preservation   Kordek 50C is recommended as an in-container preservative for the control of bacteria and fungi in industrial and household consumer products, including all-purpose liquid cleaners, furniture and floor polishes, and anti-tamish products, air fresheners, carpet shampoos and pre-spotters, liquid dishwashing detergents, automotive appearance products, such as cleaners, waxes and polishes, liquid dundy products, such as fabric softeners, laundry detergents, pre-spotters and spray starch, aqueous raw materials such as silicone emulsions, and surfactants used in industrial and household consumer products and package utility products, such as pre-moistened sponges and mops. To insure uniform distribution, slowly disperse Kordek 50C into product with agitation. Mix thoroughly until evenly dispersed throughout product.   Textile Chemical Preservation   Kordek 50C is recommended for the control of bacteria and fungi in the manufacture and storage of textile processing chemicals such as fiber lubricants, spin finishes, sizes, dyestuffs, textile processing chemicals such as flober lubricants and synthetic fibers and fabrics.   Dispersed Pigment Preservation   Kordek 50C microbicide is recommended for the control of bacteria and fungi in the manufacture and storage of dispersed pigments such as akolin and montmorillite clays, ittanium dioxide, calcium carbonato, calcium sulfate, barium sulfate, and magnesium silicate used in paint and paper productions   NOTE: Regardless of the manner of incorporation, the total active ingredient level in the system should at no time exceed 150 ppm in the final use dilution.   lb. Kor	Fuel Preservation   Kordek SOC microbicide is recommended for the control of bacteria and fungi in the following liquid hydrocarbon fuels and oils: crude oils, aviation fluid, keroscine, heating oils, residual fuel oils, coal slurries, liquefied petroleum gases, petrochemical fedditions and diesel fuels for off-road vehicles only. Kathon FP 1.5 may not be added to any dissel fuel intended for use in any set propelled motor vehicle designed for transporting persons of property on a Street or highway. METHOD OF ADDITION: Kordek 50C microbicide should be directly dispensed into a fuel tank storage tank or flowing stream of fuel in a manner to ensure uniform distribution of the preservative in the fuel system. Slug dose or continuous feed methods are reformmended.   CURATIVE DOSE: When the system is noticeably fouled, add 0.23 - 0.5 gailons of Kordek SOC per 10,000 gailons of fluid in the system. This will provide 30 - 60 ppm of Kordek SOC and 15 - 20 pm active ingredient. Repeat unit control is achieved.   MAINTENANCE DOSE: When the system is not noticeably fouled, add 0.13 - 0.36 gailons of Kordek SOC microbicide per 10,000 gallons of fluid to maintain the system. This will provide 16 44 ppm of Kordek SOC and   8 - 22 ppm active ingredient. Repeat every 4-6 weeks or when microbial contamination if detected.   FOR USE IN AVIATION FUEL, THE FEDERAL AVIATION ADMINISTRATION MUST BE CONSULTED AS TO THE ACCEPTABILITY OF THE ADDITIVE FOR USE IN SPECIFIC ENGINES AND/OR AIRCRAFT.   Polymer Latex Preservation Kordek SOC (ack 50C (0.0 + 0.23 grams) to each 1000 pounds (453 kilograms) of emulsion to provide 200 - 500 ppm product (100 - 250 ppm active ingredient).   ACCEPTIONE UAN 2.2.2.1998 kilograms) of emulsion to provide 200 - 500 ppm product (100 - 250 ppm
