

WARNING

Keep out of reach of children. May cause severe eye irritation or eye damage. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call a physician immediately.

Cross-infection is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. MINT DISINFECTANT CLEANER is formulated for this problem area. It both cleans and disinfects effectively and is virucidal when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-infection.

MINT DISINFECTANT CLEANER is an extremely effective one-step sanitizer. It cleans and sanitizes in waters up to 800 ppm hardness. This hard water tolerance is in excess of most potable waters and will insure complete sanitizing action when used as directed.

Two ounces of MINT DISINFECTANT CLEANER per gallon of water will deodorize bathrooms, garbage storage areas, and other areas where bacterial growth can cause mal odors.

Mint DISINFECTANT CLEANER

Cleaner—Disinfectant—Deodorizer—Fungicide—Virucide*
Sanitizer for Hospital and Institutional Use

AOAC Phenol Coefficients

Staph, aureus (ATCC No. 6538)

Salmonella typhosa (ATCC No. 6539)

Active Ingredients

Didecyl dimethyl ammonium chloride

Tetrasodium ethylenediamine tetracetate

Sodium carbonate

Sodium metasilicate, anhydrous

Inert Ingredients

WARNING

KEEP OUT OF REACH OF CHILDREN. SEE LEFT
PANEL FOR ADDITIONAL PRECAUTIONARY
STATEMENTS.

EPA Registration No. 712-24
