BUGSBEGONE

A highly effective household insecticide that provides rapid kill of crawling insects, including those resistant to certain chlorinated hydrocarbon and phosphorus compounds.

In addition to rapid kill, BUGSBEGONE stays on treated surfaces and kills insects many weeks after the spray deposit has dried.

HOW TO USE: BUGSBEGONE is ready to use undiluted as it comes from the can, and may be applied with either power-operated or hand sprayers. Apply as a coarse spray to infested surfaces, into wall crevices, for spray-out of cracks or crevices, to prevent the re-occurrence of insects on treated surfaces, and for control of roaches.

Always spray over the mouth, nostrils, and eyes.

FLAMMABLE: Do not use near or over an open flame. Do not use while cooking.

Keep container away from stoves, radiators, and other hot surfaces.

Do not re-use empty container. Destroy metal containers by perforating or crushing. Bury or discard in a safe place away from water supplies. Destroy glass container when empty.

BUGSBEGONE

HOUSEHOLD INSECT SPRAY

EPA Reg. No. 722-18

ACTIVE INGREDIENTS:

o-Isopropoxyphenyl Methylcarbamate1%
2-Butoxyethanol.....9%
Petroleum Distillate.....90%

KILLS

Ants, Brown Dog Ticks, Centipedes, Cockroaches, Clover Mites, Crickets, Earwigs, Fleas, Flies, Millipedes, Mosquitoes, Scorpions, Silverfish, Sowbugs, Spiders.

INSECT-KILLING POWER LASTS FOR WEEKS

PREVENTS RE-ENTRY ON SURFACES DO NOT USE AS A SPACE SPRAY

BUGSBEGONE

INDOOR USE: Ants, Cockroaches, Crickets, Silverfish, Spiders, Scorpions, Waterbugs: Spray into cracks, crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. For Ants: Spray trails and places where ants enter premises. Repeat as needed. Do not spray foodstuffs or house plants. Remove pets and cover fish bowls before spraying. Do not allow children to contact treated areas until surfaces are thoroughly dry.

BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floor. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

OUTDOOR USE: Ants, Clover Mites, Crickets, Earwigs, Fleas, Millipedes, Mosquitoes, Sowbugs, and Brown Dog Ticks: Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios, or other places where insects may enter. For ants, spray hills and runways. Repeat as necessary. Do not spray vegetation.

— CAUTION —

May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Avoid contamination of food, utensils, and food preparation areas. Avoid contact with skin, eyes, or clothing. Wash thoroughly after using.
