

NET WEIGHT — 1 POUND

Active ingredient: Technical Chlordane* 6%
Inert ingredients 94%
100%

*Equivalent to 3.6% Octachloro-4, 7-Methanotetrahydroindane and 2.4% related compounds.

Effective for the control of Imported Fire Ants.

DIRECTIONS:

For control of Imported Fire Ants apply Pearson's 6% Chlordane Dust at the rate of 1 pound to 500 square feet. In making application especial care should be taken to dust thoroughly, weed plots and high grass. Water down after application to insure penetration into nests and hiding places. Do not make this application in food crop areas.

Where Ant Hills are found, dust on and around Ant hills, and where possible open Ant Hills with a stick or spade and apply dust thoroughly.

LAWN TREATMENT: For Imported Fire Ants in Lawns, apply Pearson's 6% Chlordane Dust at the rate of 1 to 1 1/4 pounds to 500 square feet. Water down thoroughly after applying to insure penetrating the nests and hiding places of the Insects. Keep children and pets off treated areas until chemical is washed into the soil and area is thoroughly dry.

CAUTION: Avoid skin contact and inhalation. Harmful if swallowed. Keep out of reach of children. Use this product only as specified on this label. Do not reuse container. Destroy when empty. Apply this product only as specified on this label.

This product is toxic to fish, birds, and other wildlife. Birds and other wildlife in treated areas may be killed. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label. Do not contaminate feed and foodstuffs.

NOTICE: Follow directions carefully. Timing and method of application, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith.

For Hard-To-Kill garden insect pests use Red Devil Dust [containing 20% specially prepared Sabadilla Seed]. Controls Squash Bugs, Stink Bugs, and Harlequin Bugs.
