GENERAL INFORMATION: SOUTHLAND PEARSON EASY-EDGER CLEANER is useful for general post-emergent weed control. It is non-selective in its action. Its phytotoxic properties are quickly inactivated on contact with soil. It is a combination of herbicide and surfactant. It is unnecessary to add any other surfactant to the spray solution. Best results are obtained on young actively growing weeds. It produces top-kill only so repeat applications as required for season long weed control of perennials.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

MIXING INSTRUCTIONS: SOUTHLAND PEARSON EASY-EDGER CLEANER must be thoroughly dissolved.
