DIRECTIONS

AS A DUST: Blow dust with strong blast directly into vines, or through the plants covering them with a thin film of powder at the rate of 50 lbs. of dust per acre (1 lb. per 870 sq. ft.). For best results, apply in early morning or late afternoon and after heavy rains. Apply at weekly intervals during cloudy weather.

Pearson's Red Robin Dust is compatible with oil, neutral Bordeaux and Lead or calcium arsenate. Not compatible with lime. May be used on any sulphur sensitive plant.

CAUTION: Do not apply within 1 day of harvest to the above mentioned crops. Harmful if swallowed or absorbed through skin. Wash hands with soap and water after handling. Avoid contact with skin. Avoid inhalation of dust. Wear clean clothing after use.

Do not contaminate water by cleaning of equipment or disposal of wastes. Do not reuse empty container. Destroy by burying with waste or by burning. Stay away from smoke or fumes.

This product is poisonous to fish. Keep out of all lakes, streams and ponds.

DOGS and CATS — For control of Fleas and Lice, apply as a dust to all infested areas, thoroughly working the dust into hair by hand. Repeat applications as necessary.

NOTICE: Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, handling and storage of this material not in strict accordance with directions given herewith.
