

WHITE

USDA Registration No. 729 15

**TO OPERATE:** Aim spray opening away from person and press button. Hold dispenser about 18" from surface. Move bomb steadily and quickly to avoid wasteful over-application. Spray only woolen fabrics.

**GULFSPRAY MOTH PROOFER** kills all stages of clothes moths and carpet beetles wet by the spray. To protect woolens, brush and clean, then spray all surfaces, particularly seams and folds. A thorough application protects stored woolens for a year. Spray so that fabric (both sides) is lightly and uni-

**formly moistened, avoid saturation. A man's suit or topcoat requires about 2 minutes' spraying or about 10 seconds per pound of material. Respray if articles are washed or dry-cleaned. Permit treated garments, blankets, etc., to dry thoroughly before using. Spray inner surfaces of storage containers (except plastic bags), walls, ceilings, and cracks of clothes closets. Used as directed**

**GULFSPRAY MOTH PROOFER** will not shrink or stain color-fast woolens.

Deep-piled materials should not be sprayed without testing on a small, inconspicuous area. Allow test area to dry and inspect for effect on nap. Avoid wetting asphalt tile, rubber, and plastic materials. Tiny crystals which protect your woolens are sometimes visible on dark fabrics. They may be brushed off before article is used.

Clean upholstery, rugs, and carpets before spraying. Spray only woolen surfaces of furniture. Pay particular attention to folds and seams. Thoroughly moisten carpets, especially along the edges and under seldom-moved furniture. Spray cracks in flooring and around baseboards.

# Gulf spray

## moth proofers

NET WEIGHT 14 OZS. — 0.397 KILOGRAM

**CAUTION — COMBUSTIBLE  
KEEP FROM HEAT OR FLAME  
KEEP OUT OF REACH OF CHILDREN**

Read Carefully Cautions on Back

SILVERFISH, FLEAS, SPIDERS, CENTIPEDES and exposed forms of CRACK WEEVILS, BEETLES, MOTHS in food storage areas. Thoroughly wet infested areas. **BED BUGS.** Treat bed and mattress. Allow mattress to dry before using. **FLEAS:** Treat floor, floor coverings and animal sleeping quarters.

**GULFSPRAY MOTH PROOFER** used as directed will provide excellent control of the insects listed.

**GULFSPRAY FLYING INSECT KILLER** or **GULFSPRAY QUICK ACTION INSECTICIDE** in a hand sprayer, are most effective for killing flying insects.

**CAUTION: Do not spray acetate rayon, similar synthetic fabrics, silk or fur. If spray wets skin, wash with soap and water. Do not spray on humans, pets, plants, foodstuffs, or food utensils. KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. Persons hypersensitive to ingredients should not use spray. Avoid inhalation. Do not use as a "space spray" against flying**

**insects. Remove bird cages and fish bowls while spraying. DO NOT PUNCTURE, INCINERATE OR STORE ABOVE 110°F. Contents under pressure, overheating may cause container to explode.**

**ACTIVE INGREDIENTS.**

Dichloro Diphenyl	
Trichloroethane (90%)	3.00%
Diethyl Diphenyl	
Dichloroethane	2.85%
Related Compounds	0.15%
Petroleum Distillates	59.00%
<b>INERT INGREDIENTS.</b>	<b>35.00%</b>
