ANT ROACH KILLER

FORMULA 20

**CAUTION: KEEP OUT OF REACH OF CHILDREN
READ CAREFULLY CAUTIONS ON BACK PANEL.**

NET WEIGHT 11 OZ. 0.312 KILOGRAM

TO OPERATE: SHAKE OCCASIONALLY FOR CONTINUOUS SPRAYING. To spray, tilt can slightly forward and press button. Hold dispenser about 12" from surface. This bomb is designed to produce a coarse, wet spray. Spray until surfaces are wet but without run off.

GULFSpray ANT ROACH KILLER contains BAYGON[®] for drive-out and quick kill of roaches. Ants and roaches wet with the spray are quickly killed. Surfaces wet with it remain effective (1 to 2 weeks for roaches indoors) if the spray residues are not removed by cleaning or wear.

GULFSpray ANT ROACH KILLER kills roaches resistant to certain chlorinated hydrocarbon and phosphate insecticides.

ANTS, WASPS: Apply to ants and ant trails and window frames, door frames and where they enter house. Spray wasps and wasps nests at night when insects are in nest. Do not spray vegetation.

ROACHES, WATER BUGS, CRICKETS: Spray heavily into all cracks and behind baseboards. When insects run out, spray them. Repeat treatment as required.

BLACK WIDOW AND OTHER SPIDERS, SCORPIONS, HOUSE CENTIPEDES: Spray spider webs, around windows, back of shutters and rainspouts, corners of garages and basements. Treat window frames and other entry points.

SILVERFISH: Spray crevices along baseboards in attic and basement areas. Remove books, spray bookcases, permit to dry before returning books. Treat back and beneath bookcases.

BROWN DOG TICKS: Spray crevices along wood trim around doors and windows, baseboards, etc. Spray all crevices and floor areas where dog rests. Treat areas in porch and dog kennels. Fresh bedding should be replaced in animal quarters after spraying. Do not spray pets. Repeat as necessary.

FLIES, MAGGOTS: To aid in keeping garbage cans free of flies and maggots, spray inside and outside frequently.

ACTIVE INGREDIENTS:

*2-(1-Methylethoxy) phenol methylcarbamate† 0.50%
Petroleum Distillates 76.50%

INERT INGREDIENTS 23.00%

*BAYGON[®] is a Reg. TM of the parent company of Farbenfabriken Bayer GmbH, Leverkusen.

†U. S. Pat. No. 3,111,539

CAUTION: HARMFUL IF SWALLOWED, INHALED OR ABSORBED THROUGH THE SKIN. If spray wets the skin wash thoroughly with soap and water and after handling and before eating or smoking. Do not spray humans, pets, plants, foodstuffs or food utensils.

KEEP OUT OF REACH OF CHILDREN. Do not permit children or pets to contact treated surfaces until dry. Avoid breathing spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes, or clothing should also be avoided. If poisoning occurs, get prompt medical aid — atropine sulfate is antidotal. Persons hypersensitive to ingredients should not use spray. Do not use a space spray.

For use in and around the home, restaurants and food handling establishments.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

WARNING: Flammable! Contents under pressure. Do not use near fire, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F. may cause bursting.

Remove bird cages and cover fish aquaria while spraying.

Do not spray asphalt tile, some linoleum, carpets with attached foam backing, and certain plastics. Tile adhesives may be loosened if overtreated. Do not spray radio or TV cabinets.
