

## DIRECTIONS

Shake well before using. In spraying plants, shrubbery, or grass, use rapid sweeping motion. Only a very light spray is required. DO NOT wet plants by excessive application as CHAPERONE is a powerful dog repellent. Spray nozzle should never be closer than 15" from plants. Period of effectiveness depends on weather conditions. Use CHAPERONE on garbage cans, tires and rims, posts, walls . . . any place where dogs are in the habit of returning. For outside use only. Use powder or indoor Spray CHAPERONE inside. Keep can upright.

**CAUTION:** Do not spray toward eyes. Do not store above 120° F. Do not puncture can or throw into fire or incinerator.

**MONEY BACK GUARANTEE**—Sudbury Laboratory will refund the purchase price of this package if it does not prove satisfactory when used as directed.
