FIRST PANEL

DIRECTIONS

Remove sealing tape and cover. Punch hole in cover and thread rope through opening. Do not open in house, as odor is extremely strong. Pull out as much of the rope as you need to circle trees, shrubs, or plants which you wish to protect. Drive small stakes at intervals on either side of rope so that the rope will stay in position. To retreat rope, gather it up, put in a pail or can, saturate with liquid chaperone and replace.

SUDBURY REGULATORY

SUDBURY, MASSACHUSETTS

SECOND PANEL

Repels dogs and cats.

Protects lawns, shrubbery, gardens, garbage pails, etc.
from damage by dogs and cats in immediate vicinity.
