Manufactured for

M.F.A. Oil Company  
Columbia, Missouri

U.S.D.A. Reg. No. 746-102

Net Contents: 3 lbs.

General Directions

3% CIODRIN insecticide is a specially prepared ready-to-use livestock dusting powder suitable for use in conventional hand and power duster. No feed-off period is required when used on animals being fed for slaughter. Do not treat calves under 6 months of age. Brahmaan cattle should not be treated as they may show hypersensitivity to organic phosphates.

DIRECTIONS FOR APPLICATION

BEEF AND LACTATING DAIRY ANIMALS:

DUSTING POWDER:

For control of hornflies, apply one to two heaping tablespoons to the backline of the animal covering in addition the poll, neck and under portions of the sides. Repeat above application as necessary to maintain control, but not more often than every 14 days. For control of lice treat animals thoroughly. If required repeat this thorough application in 3-4 weeks. Wash hands thoroughly after use.

DUST BAG - ANIMAL DUSTING STATIONS:

For control of hornflies and as an aid in the control of lice, 3% CIODRIN DUST may be applied daily when application is made with Dust Bags. To prepare dust bags for animal use, place 4-8 pounds of 3% CIODRIN DUST in cotton cloth or double burlap bags and suspend bags near mineral or salt blocks, in alleyways leading to or from animal buildings or dairy barn, Dust bags may also be suspended in livestock holding pens, feed lots, and loafing sheds where possible. Protect bags from weather by placing them under shelter.

CAUTION: AVOID PROLONGED OR REPEATED inhalation of dust and contact with skin. In case of contact with skin or eyes, flush with plenty of water; for eyes get medical attention. Keep away from open flame. Wash thoroughly with soap and water after handling and before eating or smoking. Do not contaminate feed, water, or foodstuffs. Do not contaminate any body of water, by direct application, cleaning of equipment, or disposal of wastes or containers. If swallowed induce vomiting immediately and get medical attention. Atropine is antidotal.

DESTROY USED CONTAINERS: Do not re-use for any purpose. Destroy containers by burning or burying in an isolated area. If burned, keep out of smoke.

WARRANTY: M.F.A. Oil Company warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to M.F.A. Oil Company, and buyer assumes the risk of any such use.
