# PARA-DICHLOROBENZENE

Technical Grade - For Manufacturing Use Only  
Active Ingredient - Para-Dichlorobenzene 100%

SIZE  
BC

CAS No. 106-46-7

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** ■ MAY CAUSE IRRITATION TO EYES AND SKIN  
■ HARMFUL IF SWALLOWED

- AVOID BREATHING VAPORS
- AVOID CONTACT WITH EYES OR SKIN
- DO NOT TAKE INTERNALLY
- USE ONLY WITH VENTILATION SUFFICIENT TO KEEP EMPLOYEE EXPOSURES BELOW OSHA PERMISSIBLE EXPOSURE LIMIT (75 ppm - 8-hour TWA)

**ENVIRONMENTAL HAZARDS:** Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

## KEEP OUT OF REACH OF CHILDREN CAUTION!

### STATEMENT OF PRACTICAL TREATMENT

- **INHALATION** - Remove to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get medical attention. **DO NOT** administer adrenaline.
- **SWALLOWING** - If conscious, give a quart of water and get immediate medical attention. **DO NOT** induce vomiting. If unconscious or in convulsions, get immediate medical attention. **DO NOT** give anything by mouth to an unconscious person.
- **EYE/SKIN CONTACT** - Flush thoroughly with plenty of water. For eyes, get immediate medical attention. For skin, get medical attention if irritation or discomfort occurs.

SEE ADDITIONAL PRECAUTIONS ON SIDE PANEL

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

This product is intended for use in the manufacture of moth control products for use with clothing in storage trunks or closets and for the manufacture of deodorant products for use in areas such as washrooms, lavatories, and garbage receptacles.

It is the responsibility of the manufacturer of such products to develop specific directions for use that are appropriate and in compliance with all applicable government regulations. If assistance is required, contact PPG Industries, Inc., or the regional office of EPA.

- **STORAGE AND DISPOSAL:** Store in a cool dry place between 32°F and 80°F. Storage below 32°F will cause crystals to turn white; storage above 80°F will cause crystals to fuse and cake. Short-term exposure to extremely high temperatures, above 80°F, can rapidly cause caking. Inspection of containers should be made within ten days of receipt to determine whether fusing or caking has occurred in transit. Do not store in open, unlabeled or mislabeled containers. **IN CASE OF SPILL:** Sweep up spilled material and place in closed containers for use or disposal. Waste disposal should be by burning in an approved incinerator or by burial in a permitted hazardous waste facility.
- **CONTAINER DISPOSAL:** Triple rinse (or equivalent) the empty containers. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. Reuse is limited to the same class of pesticide or to nonpesticide products, providing reuse is in compliance with all applicable government regulations. This label must be removed prior to any container reuse.
