DIRECTIONS

LAWN INSECTS

ANTS: Treat nesting areas with light applications of dust. Extend the treated area out to cover the surrounding area for 12 to 18 inches.
TICKS AND CHIGGERS: Apply to lawn and other areas where vegetation is relatively thin at the rate of 1/2 pound per 1000 square feet. In areas of denser vegetation such as weeds or brushy areas increase the rate to 1 pound per 1000 square feet. Repeat applications as necessary.
ARMYWORM, FALL ARMYWORM, FLEAS: Apply to infested area at the rate of 1/4 pound per 1000 square feet. Do not water for 48 hours.

SOD WEBWORM (Lawn Moths): Water the infested area first. Then apply 1 1/2 pounds per 1000 square feet. Water again 48 hours after treatment.

MOLE CRICKETS: Water the infested area first. Apply 1/2 pound per 1000 square feet.

EARWIGS, SOWBUGS (Praying Mantids): Apply at the rate of 1/4 pound per 1000 square feet. Treat around foundations, along fences, around refuse and trash. Do not sprinkle for 48 hours.

SOIL INSECTS

WHITE-FRINGED BEETLE GRUBS, JAPANESE BEETLE GRUBS, WIRE WORMS, WHITE GRUBS, ROOT MAGGOTS, AND MOLE CRICKETS: On infested sites, apply at the rate of 2-4 pounds per 1000 square feet. For control of these pests on beets, cabbage, potatoes, sweet potatoes, corn and turnips, apply to the soil surface before planting and work into the upper 2 to 3 inches of soil. On flowers, shrubs and lawns apply either before planting as above or to existing plantings, working the material into the upper few inches of soil.

CUTWORMS, MOLE CRICKETS AND LEAF CUTTING ANTS: For control in flower gardens and ornamentals plants of Cabbage, Collards, Peppers, Tomatoes and Eggplants apply to the soil surface around the plants at the rate of 1/2 pound per 1000 square feet. Do not apply after edible parts of these vegetables begin to form.

HOUSEHOLD PESTS

Do not use this product inside the house. Use Security Roach-Kill spray inside the house. The product will be found useful, however, for controlling pests which enter the home from outside breeding areas, such as garages and storage buildings. Do not use in dairy barns or poultry houses. Do not apply to feedstuffs. Do not put animal feed or drinking water.

ANTS: Locate nesting areas outside the house and treat them with light applications of dust as necessary for control.

ROACHES, WATERBUGS, SILVER FISH, SPIDERS, CENTIPEDES AND SCORPIONS: Treat outside buildings where these pests can be located paying particular attention to cracks, crevices, storage shelves, and damp areas. Repeat applications as necessary.

DISPOSAL WARNING: Dispose of waste pesticide and container in a safe place. Never reuse container.
