\*Trade mark of Union Carbide Corp. for 1-naphthyl N-methylcarbamate

KEEP OUT OF REACH OF CHILDREN.  
POISONOUS IF SWALLOWED, INHALED OR ABSORBED THROUGH SKIN. RAPIDLY ABSORBED THROUGH SKIN. Do not get in eyes, on skin or on clothing. Wear natural rubber gloves, protective clothing and goggles. In case of contact wash immediately with soap and water. Wear a mask or respirator of a type passed by the U. S. Bureau of Mines for parathion protection. Keep all unprotected persons out of operating areas or vicinity where there may be danger of drift. Vacated areas should not be re-entered until drifting insect

icide and volatile residues have dissipated. Do not contaminate feed and food-stuffs. Wash hands, arms and face thoroughly with soap and hot water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use. **ANTIDOTE:** If swallowed, give a tablespoonful of salt in a glass of warm water and repeat until vomit fluid is clear. Have victim lie down and keep quiet. Call a Physician Immediately! Atropine is antidotal. If on skin, in case of contact remove contaminated clothing and immediately wash skin with soap and water.

**PROTECT WILDLIFE:** This product is toxic to fish and wildlife. Birds and other wildlife in treated areas may be killed. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

**PROTECT BEES:** This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

**DIRECTIONS**

**TOBACCO:** To control - Hornworms, Flea Beetles, Aphids and Suckfly - apply at the rate of 15 to 25 pounds of dust per acre. Begin applications when insect infestation warrants and repeat as necessary for control. Do not apply with cloth bags or other hand applicators. Use mechanical applicators only. Over-application may cause plant injury. Some plant injury may occur on tender foliage in the presence of rain or high humidity of several days duration following application. Do not apply within five days of priming or fifteen days of cutting. Avoid getting wet with plant juices when cutting crop. Plant bed applications for control of flea beetle and aphids should be made at 1 to 2 pounds per 100 square yards. Repeat at 10 to 14 day intervals as necessary. When necessary to enter treated fields within 24 hours after application, protective clothing should be worn.

**DISPOSAL WARNING:** Dispose of waste pesticide and containers by burying in non-crop land away from water supplies. Never re-use container.

**NOTICE**

**DISCLAIMER OF WARRANTY, MERCHANTABILITY AND LIABILITY**  
If for any reason this product is not used, applied, stored, transported or disposed of in accordance with the instructions set forth on this label, then and thereafter Woolfolk Chemical Works, Inc. terminates, ends and excludes all warranties, expressed or implied, including the warranty of merchantability and fitness. 870209
