PARADICHLOROBENZENE

ACTIVE INGREDIENT:

Paradichlorobenzene 100.0
U. S. D. A. Reg. No. 769-401

ACCEPTED
Oct 24 1949
769-401

CAUTION: KEEP OUT OF REACH OF CHILDREN.
Avoid breathing vapor. Avoid contact with eyes. Areas treated should be well ventilated before occupancy.

DIRECTIONS

CLOTHES MOTHS

Place articles to be protected from these pests in tight box, trunk or closet and distribute 15 ounces per 100 cubic feet of storage area.

PEACH TREE BORERS

On Peaches, Apricots, Nectarines, apply only to trees four years old or older. Clear grass and trash for a foot around tree trunk and smooth ground. When borers are above ground level, artificially raise ground level by placing soil around tree so that crystals will be above borers. Apply 3-4 ounce per tree for trees 4 to 6 years old and 1 ounce for trees over 6 years old. Apply in a circle around tree trunk about one inch from bark. Place 5 or 6 shovelfuls of soil in a cone shape around tree, being careful not to disturb crystals. Remove mounds after 4 weeks on younger trees and 6 weeks on older trees. Replace with fresh soil up to original level before cold weather. Treat October 5 - 15 in North Georgia, the Carolinas and Tennessee, October 20 - 25 in Central Georgia, October 25 - 30 in South Georgia.

ANT MOUNDS

Mix 1 ounce with 1 quart of mound. Do not treat any mounds.

Dispose of waste pesticide and container in a safe place.

DISCLAIMER OF WARRANTY.

MERCHANTABILITY AND LIABILITY

If for any reason this product is not used, applied, stored, transported or disposed of in accordance with the instructions set forth on this label, the manufacturer, Woolfolk Chemical Works, Ltd. terminates, ends and excludes all warranties, including the warranty of merchantability, and liability.
