EPA Reg. No. 769-568

EPA Est. No.

FIRST AID

If Swallowed:

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If on skin or clothing:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 – 20 minutes.
- Call a poison control center or doctor for treatment advice.

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15 – 20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If inhaled:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Note to Physician: This product is an organophosphate which is a cholinesterase inhibitor. Atropine and 2-PAM antidotal.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed, inhaled, or absorbed through skin or eyes. Avoid contact with skin, eyes or clothing. Wear waterproof gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift from treated areas. Apply this product only as specified on this label.

READ ENTIRE LABEL BEFORE USING – USE ONLY AS DIRECTED

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not contaminate feed, foodstuffs, water, or milking utensil with this product. Keep out of reach of children, poultry, and domestic animals. Do not use where animals can come into contact with or consume the product. **APPLY ONLY IN AREAS INACCESSIBLE TO CHILDREN AND PETS.** Do not use where milk is stored or processed.

Stephenson Chemicals Fly Bait kills flies fast – in seconds. Easy to use. Simply walk and scatter lightly. One pound covers 4,000 square feet.

Specially formulated to kill flies fast and to provide longer lasting fly control. Flies die within seconds after contacting or feeding on a particle of bait. The same bait particle may kill many flies before it loses its effectiveness. Treat only small areas where flies are a problem.

COMMERCIAL DOG KENNELS, OUTDOOR LATRINES, COMPOST AREAS: Outside use only. Scatter Fly Killer Bait on surface areas where flies congregate. Use at the rate of 4 ounces (1/4 lb.) per 1,000 sq. ft. Can be used on dry or slightly moistened surfaces. Repeat as necessary but not more than once weekly throughout the fly season. Repeated use will help to keep fly population below the nuisance level.

GARBAGE CANS: Apply lightly around and inside garbage cans. Repeat as necessary but not more than once weekly throughout the fly season.

DAIRY BARNs, STABLES, LIVESTOCK BARNs, PIG PENS, LOAFING SHEDS, OTHER ANIMAL SHELTERS: Clean out manure and apply to clean floor areas, ground areas outside enclosures, window sills or other areas where flies congregate at the rate of 4 ounces (1/4 lb.) per 1,000 sq. ft. Bait may be applied to moistened, empty burlap bags, placed in such a manner so stock, pets, or children cannot come in contact, in areas where flies congregate. Repeat as necessary but not more than once weekly throughout the fly season.

BATTERY POULTRY ESTABLISHMENTS: Apply bait to droppings under cages, on walkways, window sills, alley ways, and other areas where flies congregate. Also treat areas in and around refuse areas, trash and garbage collection and disposal areas. Use at the rate of 4 ounces (1/4 lb.) per 1,000 sq. ft. Apply in poultry houses out of reach of birds. Repeat as necessary but not more than once weekly throughout the fly season.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store product in its original labeled container in a cool, dry, locked place out of reach of children.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then dispose of in a sanitary landfill or by other approved State and local procedures.

IMPORTANT: Read these entire Directions and Conditions of Sale before using this product.
DISCLAIMER: Value Garden Supply warrants that this product conforms to the chemical description on the label and is reasonably fit for the specific purposes referred to in the Directions for Use, subject to the inherent risks referred to above. Value Garden Supply makes no other express or implied warranty of fitness or merchantability nor any other express or implied warranty. In no case shall Value Garden Supply be liable for consequential, special, or indirect damages resulting from the use, handling or application of this product.

NOTICE: Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.
