

FEB 1993

Mr. Rob R. Adams, Jr.
SureCo, Incorporated
P.O. Box 921879
Norcross, GA 30092-1879

Dear Mr. Adams:

**Subject: Revised label language
SureCo Insect Repellent Spray
EPA Registration Number 769-606
Submission dated January 4, 1993**

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

Delete the statement "Do not let children rub their eyes after treatment" from the product label as this wording continues to be misleading.

Sincerely,

Joseph M. Tavano
Acting Product Manager 10
Insecticide-Rodenticide Branch
Registration Division (H7505C)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read all directions before using this product.

To repel the insects listed on the Front Panel, apply to all exposed skin areas. To apply to face, spray on hands and rub on. Repeat as needed. For ticks and chiggers, also apply to shoe tops, socks, and around openings in clothing.

For use as a clothing treatment: Select an outdoor area protected from the wind. Test product on a small hidden area of the clothing intended for treatment. Avoid contact with plastics, such as eyeglass frames and plastic watch crystals, leather and synthetic fabrics such as acetate, rayon, Spandex and Dynel. This product may also damage painted or varnished surfaces.

Holding bottle at least 6 to 8 inches away, spray outer surfaces of the clothing with a slow sweeping motion to lightly moisten the surface of the fabric. The complete outfit consisting of shirt, trousers, and socks should be treated front and back. Pay particular attention to socks, trouser cuffs, and shirt cuffs.

✓ In heavily infested areas, protection will be improved by either wearing cuffs inside footwear or taping pant cuffs around legs. Repeat application as necessary.

Do not spray in enclosed areas. Do not apply over cuts, wounds, or irritated skin. Do not apply to eyes and mouth and do not apply to the hands of young children. Do not spray directly on face.

Use just enough repellent to cover exposed skin and/or clothing. Do not use under clothing. Avoid overexposure. Frequent reapplication and saturation is unnecessary for effectiveness.

After returning indoors, wash treated skin with soap and water. Wash treated clothing.

Use of this product may cause skin reactions in rare cases. If you suspect that you or your child is reacting to this product, wash treated skin and call your local poison control center.

✓ ~~Avoid contact with plastics, such as.....~~

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area away from heat or open flame.
DISPOSAL: Do not re-use empty container. Wrap and put in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Causes eye irritation. Harmful if swallowed. Avoid contact with eyes or lips. Instruct older children in the proper use of this product and keep it from infants and young children. Do not let children rub their eyes after treatment.
