SureCo, Inc.
P.O. Box 927879
Norcross, GA 30029-1879

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling change listed below before you release the product for shipment:

- a. Add the phrase, "EPA Registration No. 769-619."
- b. The me-tco product you cite (EPA Reg. No. 4816-717) is not registered to control deer ticks. You must delete all deer tick claims, or cite an identical/substantially similar, registered product, or provide efficacy data demonstrating your product's effectiveness against deer tick.
- c. Under Environmental Hazards the statement should read: "Do not contaminate water when disposing of equipment washwaters."

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

- d. "Pleasantly Scented" is vague and non-specific. You should identify the scent (eg. Pine Scented, Floral Scented, etc.)
- e. What is a "wipe?" Is this a pre-moistened applicator? Is there a sponge, cloth, towel that is moistened? A pre-moistened applicator (towelette, etc,) must be registered as a separate product. Please explain.
- f. Revise the statement under "To Control Fleas and Ticks on Premises" to read:
- Spray to lightly dampen absorbent and non-absorbent surfaces but do not allow runoff to occur.
- g. Since the product is not pressurized and used as a spray, how is the product to be sprayed? Is there a spray head attachment sold with the product? Pesticides used indoors by the layperson should be ready to use from the original container or a spray trigger attachment should accompany the product to prevent the layperson from mixing or transferring the product and using the unlabeled spray bottle to apply this product. Please explain.

3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not use this product in or on electrical equipment.

SHAKE WELL BEFORE USING.

TO CONTROL FLEAS AND TICKS ON DOGS & CATS (FOR 14 DAYS):

Applied as a spray: Start spraying at the tail, moving the dispenser rapidly and making sure that the animal's entire body is treated, including the legs and underbody. Fluff the hair while spraying so that the spray will penetrate to the skin and thoroughly wet it. Do not spray into eyes or face. Avoid contact with genitalia.

Applied as a dog dip (not for use as a cat dip): Wet the dog with water before treatment. Sponge or pour on the dog until its fur and skin are thoroughly wet, making sure that the animal's entire body is treated, including the legs and underbody. Do not treat the dog's face. Avoid contact with genitalia.

TO CONTROL FLEAS AND TICKS ON PREMISES:

X Apply as a direct spray to control accessible stages of fleas and ticks. Spray to lightly dampen absorbent surfaces or to the point of runoff on nonabsorbent surfaces. Thoroughly spray infested areas, pet beds and resting quarters, cracks and crevices, along baseboards, moldings and window and door frames as well as localized areas of floor and floor covering. Repeat as necessary.

HORSES

To control stable flies, horse flies, deer flies and face flies. Apply to face, legs, flanks, top line and other body areas commonly attacked by these flies. Repeat treatment as needed.

FOR USE AS A WIPE

DOGS & CATS: Cover pets eyes with hand. Wipe head, ears and chest until damp. Rub into face around mouth, nose, and eyes, avoiding direct contact with the eyes. For best penetration to the skin, direct wipe against the normal lay of the hair. Make sure wipe thoroughly wets ticks. Do not use on puppies and kittens. Repeat treatment as necessary.

HORSES & FOALS: Avoid treatment of nursing foals. First, brush animal to remove excess dirt and dust. Rub wipe into face around mouth, nose, eyes, ears and areas where flies are often seen. Then wipe the neck, legs, shoulders, and shanks. Avoid using an excessive amount and do not wet skin. After application, brush thoroughly to bring out a bright sheen on the coat. Repeat as required.

TO CONTROL CRAWLING INSECTS:

Apply as a direct spray to control accessible stages of crawling insects including, but not limited to, Cockroaches, Ants, Spiders, Silverfish, Sowbugs (Pillbugs), Centipedes, and Crickets. Spray to thoroughly wet exposed insects. Direct spray into hiding places, cracks and crevices, along baseboards and around door and window frames.

STORAGE AND DISPOSAL

CONTAINERS LARGER THAN ONE GALLON:

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE AND SPILL PROCEDURES: Store upright at room temperature. Avoid exposure to extreme temperatures. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

PESTICIDE DISPOSAL: Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of at or by an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved State and local procedures.

CONTAINERS ONE GALLON AND SMALLER:

STORAGE: Store in original container in a cool, dry place inaccessible to children and pets.

DISPOSAL: Do not reuse container. Wrap and discard in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Harmful if absorbed through skin. Harmful if inhaled. Causes eye injury. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove clothing and wash before reuse. Avoid contamination of feed and foodstuffs. Remove pets and birds, and cover fish aquaria. Do not use on puppies or kittens.
