OFFICE OF
PREVENTION, PESTICIDES AND
TOXIC SUBSTANCES

Dear Ms. Schmitt:

Subject: Label Amendments in Response to Basic Suppliers Deletion of Certain DDVP Uses
PCE Malathion DDVP Residual Spray
EPA Registration No. 769-752
Your Submission Dated June 15, 1995

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling:

- 1. Change signal word back to CAUTION on the front and side panel.
- 2. Revise the front panel to read as follows:

Indoor crack and crevice use in nonfood/feed areas of commercial/institutional and industrial areas; domestic dwellings (including campers, hotel, motels, tourist courts). For outdoor use including patios and lawns; kennels, including outside runways, window sills and ledges; outside surfaces of buildings, including porches, screens, window frames, eaves, patios, garages; refuse dumps; refuse and solid waste containers; wine cellars.

- 3. Under Directions for Use add the following statements:

For indoor use, only crack and crevice treatments are permitted. Space spray use is prohibited. Do not use in hospitals or clinical rooms, such as patient rooms, wards, nurseries, operating or emergency areas. Do not use in any rooms where infants, or the sick or aged are, or will be present for any extended period of confinement.

Do not use in food/feed handling establishments, restaurants, or areas where food/feed is prepared, processed or stored. Do not use to treat non-perishable bagged and/or bulk stored raw or processed agricultural commodities. In the home do not use in kitchens unless food/feed are removed or covered during treatment. Cover all food/feed preparation surfaces, dishes and food/feed handling equipment before

treatment. Thoroughly wash all food/feed preparation surfaces, dishes and food/feed handling

- 4. Following the For Sale to, Use and Storage statement on front panel add: "Do not treat more than 5 applications sites per day and do not make DDVP applications more than once per week."
- 5. The ingredient statement should declare the active ingredient as: "Dichlorvos [2,2-dichlorovinyl]....."
- 6. Under Directions for Use add:

Nonfood/feed areas of food/feed handling establishments where products can be applied include areas such as garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

- 7. Add the following prohibition "Not for Use in Federally Inspected Meat and Poultry Plants."
- 8. Revise last statement under Environmental Hazards to areas "Do not contaminate water by disposal of equipment washwaters."
- 9. Add following under Storage and Disposal

Drum Handling: Handle carefully to prevent drainage and leakage. Open drums only when set on end and under a ventilated hood. Unscrew bungs slowly to release internal pressure.

Submit two copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager (13)

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Drink one or two glasses of water and induce
vomiting by touching back of throat with finger. Do not induce
vomiting or give anything by mouth to an unconscious person. Get
medical attention immediately.

If Inhaled: Remove victim to fresh air and apply respiration if
indicated.

If On Skin: Wash promptly with soap and water. Rinse thoroughly.

If In Eyes: Rinse eyes with plenty of water for at least 15
minutes and call a physician immediately.

NOTE TO PHYSICIAN: Atropine is antidotal. 2-PAM is also antidotal
and may be administered in conjunction with Atropine.

EPA Reg. No. 769-752

EPA Est. No. 769-GA-1

Manufactured By:
SureCo, Inc.

ACCEPTED
with COMMENTS
in EPA Letter Dated

OCT 22 1997

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.
769-752

PRECAUTIONARY STATEMENTS
Hazards To Humans and Domestic Animals
WARNING

Harmful if swallowed, inhaled or absorbed through the skin. May be absorbed through the skin. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after using. Do not use on household pets or humans. Do not contaminate feed, water or foodstuffs. Keep out of reach of children.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not apply directly to water, to areas where surface water is present, or to intertidal area below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not spray or fog near fire or open flame. Keep container closed. Store in original containers only. Keep container in locked storage areas.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Disposal: Triple rinse (or equivalent), then offer for recycling or reconditioning, or disposal in sanitary landfill, or by incineration if permitted by state and local authorities.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Indoor use as a crack and crevice treatment to control Ants, Cricket, Roaches, Spiders and Waterbugs: Spray in cracks, around baseboards and other places where these insects hide. Also spray surfaces behind and beneath cabinets, drinking fountains, refrigerators, sinks and stoves. Do not contaminate drinking water. Use on other localized areas infested with these pests. Repeat treatment as required.

Flies, Mosquitoes, Wasps and Flying Moths Outdoors: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames, or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, receiving platforms, in garages, and other places where these insects alight or congregate.

IMPORTANT: Read these entire Directions and Conditions of Sale before using this product. DISCLAIMER: SureCo warrants that this product conforms to the chemical description on the label and is reasonably fit for the specific purposes referred to in the Directions For Use, subject to the inherent risks referred to above. SureCo makes no other express or implied warranty of fitness or merchantability nor any other express or implied warranty. In no case shall SureCo be liable for consequential, special, or indirect damages resulting from the use, handling or application of this product.
