Norcross, GA 30092

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase, "EPA Registration No. 769-968".
- b. Delete the statement (including Deer Ticks and other Ixodid species....) from the labeling since the efficacy data cited does not support these public health pests.
- c. Add a footnote to the label ingredient statement indicating: *Contains petroleum distillates.
- d. Under the Environmental Hazards section, revise the sentence "Do not contaminate water by cleaning of equipment or disposal of wastes." to read "Do not contaminate water when disposing of equipment washwaters."

SIGNATURE OF APPROVING OFFICIAL

DATE

2 } 7

3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

4. The acute toxicity data you cited from the source product in support of the subject product registration is currently under review for reregistration of products containing silica gel. Please note that additional labeling changed may be required based on the results of our review.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager 13

DIRECTIONS FOR USE

It is violation of Federal law to use this product in a manner inconsistent with its labeling.

APPLICATIONS WITHIN FOOD AREAS:

Food processing plants and warehouses, bakeries, beverage plants, restaurants, supermarkets, meat and poultry processing plants, hotels, motels, hospitals, and schools.

LIMIT TO CRACK AND CREVICE TREATMENT ONLY:

Using a bulbous duster apply a small amount of materia. directly into cracks and crevices such as expansion joints between different elements of construction or between equipment bases and the floor, wall voids, motor housing, junction boxes or switch boxes, conduits or hollow equipment legs where cockroaches, ants, silverfish, spiders, boxelder bugs, and crickets hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

NON-FOOD AREAS:

Homes, institutions, hospitals, office buildings, hotels, motels, theaters, schools, warehouse, truck trailers and railroad cars: To control crawling insects such as ants, cockroaches, silverfish, firebrats, spiders, boxelder bugs, ticks, lice, and fleas in animal quarters, distribute at the rate of 2 ounces per 100 square feet of surface area. Apply a continuous visible film underneath and behind stairs, refrigerators and appliances. Treat on, around and behind moldings, shelving, baseboards, pipe openings, cracks, crevices and other areas where insects hide.

For severe infestations: Apply behind cabinets and walls, in crawl spaces and attics at the rate of 16 ounces per 1000 square feet of surface area. Repeat treatment as necessary.

STORED PRODUCT PESTS:

To aid in the control of cadelles, cheese mites, cigarette beetles, confused flour beetles, dark meal worms, drugstore beetles, grain mites, granary weevils, red flour beetles, rice weevils, sawtoothed grain beetles and yellow meal worms in mills, elevators and granaries. Clean up waste materials, dust, dirt, and any other debris. Thoroughly treat floors, walls, and other surfaces in bins, storage and handling areas. Apply into cracks and crevices and other difficult to reach areas where insects may hide.

BEEES AND WASPS:

It is generally advisable to treat wasp and bee nests in the evening when insects are less active and have returned to the nest. Using hand or power duster or other suitable means, with extension tubes if necessary, thoroughly dust nest and entrance and surrounding areas where insects alight. Nests in wall voids can be located by listening with your ear against the wall. Drill a hole in the area blow dust in and reseal. For ground wasps, dust entrance and surrounding areas. For best results check nests carefully one or two days after treatment to ensure complete kill, then remove and destroy nest to prevent emergence of newly-hatched insects. If removal is not feasible, retreat the nest, if necessary. Do not use this product to treat overhead nests.

SEWER TREATMENTS:

American and Oriental cockroach infestations in sanitary sewers may be treated with approximately 6 ounces per manhole. When treating sewers, one manhole per 200 feet of line should be treated. Treatments are made by removing the manhole cover and replacing with a disc of plywood board to receive the usual flexible hose from portable or truck-mounted ventilating equipment, 6 ounces is introduced into the ventilating air to be dispersed quickly and thoroughly through the system.

BEDBUGS:

Take bed apart. Dust into joints and channels, if hollow, such as square or round tubing, see that the interior of framework is well dusted. Mattresses should be dusted, especially tufts, folds, and edges. Picture frame moldings and all cracks and crevices in the room should be treated.

DRYWOOD TERMITES:

To protect against entrance, using an electric or hand operated rotary duster, distribute thorough an entry, e.g. crawl hole into attic and crawl space of building, at a rate of 1 pound per 1000 square feet of floor area. All vents and blowers on the windward side should be closed. All wood surfaces should be covered. In case of localized infestations probe to locate galleries and drill holes to inject into the galleries. If a reasonably heavy infestation has already developed, fumigation should be employed.

FLEAS, TICKS & LICE ON DOGS AND CATS:

Liberal apply powder to the animal, rubbing thoroughly to the skin. Begin with the neck and include under the body, legs, feet, and the base of the tail. Repeat as necessary. Surfaces of kennels should be dusted at the rate of one ounce per 50 square feet. Heavily infested lawns, basements, and crawl spaces should be dusted at the rate of 16 ounces per 1000 square feet. Repeat as necessary. Do not treat kittens or puppies less than four weeks old.

697

SOWBUGS, PILLBUGS, GROUND BEETLES, EARWIGS, MILLIPEDES, CENTIPEDES AND SCORPIONS:

Apply around doors and windows and other places where these pests may enter premises. Treat baseboards, storage areas and other locations where these pests are found.

STORAGE AND DISPOSAL

CONTAINERS LARGER THAN ONE POUND:

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage and Spill Procedures: Store upright at room temperature. Keep away from moisture. Sweep up and dispose of with chemical waste.

Pesticide Disposal: Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of at or by an approved waste disposal facility.

Container Disposal: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration, if allowed by state & local authorities. If drum is contaminated and cannot be reused, dispose of in same manner.

CONTAINERS ONE POUND AND SMALLER:

Storage: Store in original sealed container in a cool, dry place inaccessible to children and pets.

Disposal: Wrap container and discard in trash.

This container is sold by weight, NOT by volume. You can be assured of the proper weight even though some settling of contents normally occurs during transportation and handling.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION**

Avoid inhalation. Containers larger than one pound may not be used or stored in food handling establishments.

797

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Drink one or two glasses of water and contact a physician or Poison Control Center immediately.

If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

If on Skin: Remove contaminated clothing and wash affected areas with soap and water.

If in Eyes: Flush with plenty of water. Call a physician if irritation persists.

Buyer assumes all risks of use, storage or handling of this product not in strict accordance with this label.
