Proposed Back Panel Revision - DIRYL* Insecticidal Powder

(All signal words - Type size requirement):

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Sprinkle DIRYL* Insecticidal Powder freely over animal, working well into the hair. To prevent reinfestation, application should be made to the animal and its quarters, especially crevices, at weekly intervals, as needed.

STORAGE AND DISPOSAL

Do not reuse empty container. Securely wrap original container in several layers of newspaper and discard in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

HUMAN - Harmful if swallowed or inhaled. Avoid breathing of dust. Avoid contact with eyes. Avoid repeated contact with skin. Wash thoroughly after using. Avoid contamination of food.

ANIMAL - Avoid contact with animal's eyes. Avoid treatment of kittens less than 3 weeks of age and nursing puppies. Repeated applications may produce skin or nasal irritation in sensitive animals - if this occurs, DIRYL Insecticidal Powder should be discontinued.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: induce vomiting by drinking 1 or 2 glasses of water and touching finger to back of throat. Contact physician immediately.

If in eyes: flush with plenty of water.

If on skin: wash with soap and water.

Revised Draft Labeling - DIRYL* Insecticidal Powder

Proposed revisions to the DIRYL Insecticidal Powder labeling are shown on the following pages. The existing DIRYL label is silk-screened onto the 3 1/2 oz. cylindrical container. A photocopy of the current label showing the location of the changes is included.

Type size requirements for signal words will be determined by label size in accordance with EPA regulations.
