Subject: Label Amendment - Updating First Aid Statement in Accordance with PR Notice 2001-1,
ATROBAN DELICE Plus Insecticide
EPA Reg. No. 773-72
Your Submission Dated October 25, 2002

Dear Ms. Sheehy:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Please submit three (3) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

1. Due to the presence of petroleum distillate revise the "If Swallowed" first aid to include "Do not give any liquid to the person."
2. The pesticide disposal statement appears more restrictive than necessary. Either justify this statement or revise to that appearing on earlier accepted labeling i.e., "Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility."

Based upon the acute toxicity profile for this product you may delete the "If in eyes and If inhaled first aid statements. If you have any questions regarding this action, please contact BeWanda Alexander of my team at (703) 305-7460.

Sincerely,

A handwritten signature in cursive script that reads "BeWanda Alexander for".
