READ ENTIRE LABEL COMPLETELY BEFORE USING. USE ONLY ON DOGS AND PUPPIES. It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **DO NOT USE ON CATS.**

May be toxic if applied to or ingested by cats. Do not use this product in or on electrical equipment due to the possibility of shock hazard. Defend® EXspot® Treatment for Dogs may be used on puppies as young as 4 weeks of age.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Avoid contact with the skin, eyes, or clothing. Wash thoroughly with soap and water after handling.
DO NOT USE ON CATS. Cats which actively groom or engage in close physical contact with recently treated dogs may be at risk of toxic exposure. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant, or nursing animals. Consult with a veterinarian before using on dogs with known organ dysfunction. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger or, if available, by administration of syrup of ipecac. **DO NOT INDUCE VOMITING OR GIVE ANYTHING BY MOUTH TO ANY UNCONSCIOUS PERSON.**

If On Skin: Remove contaminated clothing and wash with plenty of soap and water. Call a physician if irritation persists.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

Adverse Reactions:

Sensitive animals may be sensitive to ingredients in this product. Reported reactions in dogs have included skin sensitivity, increased itchiness, redness, or rash. Hair discoloration or hair loss at the application site may occur. Dogs may also show lethargy. Observe the dog following treatment. If sensitivity to Defend® EXspot® Treatment for Dogs occurs, discontinue use and bathe the dog. Seek veterinary advice.

ENVIRONMENTAL HAZARDS

The product is extremely toxic to fish. Do not add directly to water. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.
Storage: Store in cool, dry place. Protect from freezing. **Pesticide Disposal:** Securely wrap container in several layers of newspaper and discard in trash. **Container Disposal:** Do not reuse empty container. Wrap container and put in trash.

NOTICE OF WARRANTY

Schenck-Plough Animal Health Corporation makes no warranty of merchantability, fitness for any particular purpose, or otherwise, expressed or implied concerning this product or its uses which extend beyond the use of the product under normal conditions in accordance with the statements made on this label.

Defend® EXspot® Treatment for Dogs is an effective and easy-to-use product. Defend® EXspot® Treatment demonstrates greater than 92% control of fleas within 3 days of application. As with all flea and tick control products, Defend® EXspot® Treatment should be used as part of a control program aimed at reducing flea populations in the dog's environment (bedding, carpets, kennel, and yard). Consult your veterinarian or entomologist for program recommendations. Repeat applications may be made as necessary, but do not apply at intervals less than 7 days. **DO NOT USE ON CATS.**
