OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

October 3, 2017

Mr. Micah T. Reynolds, Agent
Intervet, Inc. (d/b/a Merck Animal Health)
2 Giralda Farms
Madison, New Jersey 07940

Subject: Label Amendment – Add a referral statement for precautionary statements and packaging callouts
Product Name: Activyl for Cats and Kittens
EPA Registration Number: 773-93
Application Date: August 21, 2017
Decision Number: 532654

Dear Mr. Reynolds:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Page 2 of 2
EPA Reg. No. 773-93
Decision No. 532654

with FIFRA section 6. If you have any questions, please contact Eric Bohnenblust by phone at (703) 347-0426, or via email at Bohnenblust.eric@epa.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Gebken', written in a cursive style.

PRIMARY CARTON - BACK PANEL STATEMENTS

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Refer to the package insert for complete Directions For Use.

RESTRICTIONS

▶ DO NOT ALLOW CHILDREN TO APPLY PRODUCT. ▶ TO PREVENT HARM TO YOU AND YOUR CAT, READ ENTIRE LABEL AND DIRECTIONS BEFORE EACH USE. ▶ FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY. ▶ USE ON CATS ONLY. ▶ DO NOT USE ON CATS (MALE OR FEMALE) INTENDED FOR BREEDING, PREGNANT OR NURSING. ▶ DO NOT USE ON OTHER ANIMALS. ▶ DO NOT USE MORE THAN ONCE A MONTH. ▶ DO NOT HAVE CONTACT OR ALLOW CHILDREN TO HAVE CONTACT WITH TREATED AREA UNTIL IT IS COMPLETELY DRY. ▶ DO NOT ALLOW YOUR CAT TO INGEST THIS PRODUCT.

FOR EXTERNAL USE ON CATS AND KITTENS ONLY.

For 0.51 mL package size: Do not use on cats or kittens under 8 weeks of age. Do not use on cats weighing less than 2 lb.

For 1.03 mL package size: Do not use on cats or kittens under 8 weeks of age. Do not use on cats weighing less than 9 lb.

(Note to reviewer: First Aid statements may be boxed and/or bulleted if label space allows or may be presented unboxed and unbulleted. If unboxed, First Aid statements still to be grouped near Precautionary Statements and be ordered by the most severe route of exposure.)

FIRST AID	
If In Eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If On Skin	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
If Swallowed	<ul style="list-style-type: none">• Call poison control center or doctor immediately for treatment advice.• Have a person sip a glass of water if able to swallow.• Do not induce vomiting unless told to by the poison control center or doctor.• Do not give anything to an unconscious person.
HOT LINE NUMBER	
Have the product container or label with you when calling the poison control center or doctor or going for treatment. You may also contact the Rocky Mountain Poison Center at 1-303-595-4869 for emergency medical treatment information.	

SIDE EFFECTS: Monitor your cat after application. Accidental ingestion by the cat may cause intermittent excess salivation. Other immediate post-treatment observations may include licking the face, shaking the head and squinting. These effects should disappear within several minutes following exposure without requiring treatment. Please refer to the package insert for additional side effects information. If these or other side effects occur consult a veterinarian immediately.

() Bracket text allows for alternative presentations of the same claim.

PRIMARY CARTON – SIDE PANEL STATEMENTS

PRECAUTIONARY STATEMENTS [CONT'D]:

HAZARDS TO HUMANS

WARNING. Causes substantial but temporary eye injury. Harmful if absorbed through skin or swallowed. Do not get in eyes or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

[Hazards continued on side panels] (Note: statement may be needed when Precautionary Statements begin on one panel and continue to another package panel.)

HAZARDS TO DOMESTIC ANIMALS

For external use on cats and kittens only. Do not use on kittens under 8 weeks of age OR weighing less than 2 lb/9lb (note to reviewer: weight used will be according to package size). Do not use on cats (male or female) intended for breeding, pregnant or nursing. Consult a veterinarian before using this product on debilitated, aged, or medicated cats. Individual sensitivities may occur after using any pesticide product. If signs of sensitivity occur, consult a veterinarian immediately. Certain medications can interact with pesticides.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Keep away from heat and open flame.

PACKAGE INSERT STATEMENTS – cont'd

(HOW TO APPLY) Open one foil pouch as directed and remove applicator (tube).

Step 1.

Step 2.

step 3

For cats and
 kittens 2 to 9lb (0.9 to 4 kg)
 ONLY (0.51 mL size only)

For cats
 (greater than) (>) 9 lb (4 kg)
 ONLY (1.03 mL size only)

Step 1. Hold applicator (tube) in upright position away from your face and snap tip open by bending it and folding it back on itself.

Step 2. Part the hair and place applicator (tube) tip against the skin at the base of skull. Applying the product at the base of the skull will help prevent the cat from licking the product.

Step 3. Squeeze applicator firmly applying entire contents directly to skin. Do not allow product to run off. Do not have contact with treated area (application site) until completely dry.

It is recommended to reapply every 30 days, but DO NOT apply more than 1 applicator (tube) per month. When application is complete, follow the Container Handling instructions under the Storage and Disposal section below.

(Note to reviewer: First Aid statements may be boxed and/or bulleted if label space allows or may be presented unboxed and unbulleted. If unboxed, First Aid statements still to be grouped near Precautionary Statements and be ordered by the most severe route of exposure.)

FIRST AID	
If In Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If On Skin	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If Swallowed	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Have a person sip a glass of water if able to swallow. • Do not induce vomiting unless told to by the poison control center or doctor. • Do not give anything to an unconscious person.
HOT LINE NUMBER	
Have the product container or label with you when calling the poison control center or doctor or going for treatment. You may also contact the Rocky Mountain Poison Center at 1-303-595-4869 for emergency medical treatment information.	

SIDE EFFECTS: Monitor your cat after application. Accidental ingestion by the cat may cause intermittent excess salivation. Other immediate post-treatment observations may include licking the face, shaking the head and squinting. In rare cases, application site reactions (e.g. scratching, redness, hair loss) may occur. These effects usually resolve without requiring treatment. Rare cases (fewer than 1 in 1,000) of neurological signs (e.g. incoordination, tremor, impaired balance, convulsions, dilated pupils, and impaired vision) and/or vomiting and very rare cases (fewer than 1 in 10,000) of decreased appetite, lethargy, hyperactivity, or vocalization may occur. These effects will generally resolve with supportive treatment. If these or other side effects occur consult a veterinarian immediately.

FRONT PANEL AND/OR SIDE PANEL CLAIMS -optional

1. Intended to be sold through veterinarians.
2. Intended to be dispensed (and) (or) sold through (by) licensed veterinarians and only to their clients for pets under a direct vet-client-patient relationship.
3. Product availability intended through licensed veterinarians.
4. Kills fleas (within 24 hours of application)
5. Kills (adult cat flea) (*Ctenocephalides felis*) and reduces egg production (as early as) two (2) days after treatment
6. Kills (adult cat flea) (*Ctenocephalides felis*) and reduces egg production for one (1) month
7. Inhibits (adult) flea emergence (and (interrupts) (inhibits) (flea) reproduction) (for (one) (1) month)
8. (Activyl® for Cats and Kittens) (Alternate or brand name) Reduces flea egg viability (and adult flea emergence)
9. (Activyl® for Cats and Kittens) (This product) (Alternate Brand Name) kills all flea stages (- egg, larvae, and adult)
10. Flea eggs and flea larvae in (the pet's) (your cat's) (the) surroundings are killed following contact with (a)(an) (Activyl® for Cats and Kittens) (alternate or brand name) treated pet.
11. Kills fleas that may transmit bartonellosis and transmit tapeworm.
12. If there is a high risk of re-infestation or if the pet has fleas, once monthly application is recommended. Do not apply more than once a month.
13. Kills fleas that may cause (flea allergy dermatitis)(FAD).
14. If there is a high risk of re-infestation or if the pet has fleas which may cause (flea allergy dermatitis) (FAD) , once monthly application is recommended. Do not apply more than once a month.
15. (Activyl® for Cats and Kittens) (Alternate or brand name) kills fleas that may cause anemia.
16. (Activyl® for Cats and Kittens) (Alternate or brand name) kills fleas that may transmit tapeworms
17. The successive feeding activity of fleas on cats may elicit a hypersensitivity skin disorder known as flea allergy dermatitis (FAD). Treatment of cats with (Activyl® for Cats and Kittens) (alternate or brand name) kills fleas that may cause FAD.
18. For the (prevention)(and)(treatment) of flea infestations on cats (and/or) (kittens 8 weeks of age or older and (weighing) (over) (2 lbs) (9 lbs) for (four)(4)(weeks)
19. For the (prevention)(and)(treatment) of flea infestations on cats (and/or) (kittens 8 weeks of age or older and (weighing) (over) (2 lbs) (9 lbs) for (one)(1)(month)
20. (Prevents) (and) (protects) against (re-)infestation of fleas for (four)(4)(weeks)
21. (Prevents) (and) (protects) against (re-)infestation of fleas for (one)(1)(month)
22. One treatment prevents flea infestations (on cats) (and/or) (kitten 8 weeks of age or older and (weighing) (over) (2 lbs) (9 lbs) for (four)(4)(weeks)
23. One treatment prevents flea infestations (on cats) (and/or) (kittens 8 weeks of age or older and (weighing) (over) (2 lbs) (9 lbs) for (one)(1)(month)

() Bracket text allows for alternative presentations of the same claim.

-
24. Protects (your cat) (and/or) (kittens 8 weeks of age or older and (weighing) (over) (2 lbs) (9 lbs) from fleas for (four)(4)(weeks)
 25. Protects (your cat) (and/or) (kittens 8 weeks of age or older and (weighing) (over) (2 lbs) (9 lbs) from fleas for (one)(1)(month)
 26. Monthly treatment (recommended) for optimal (control)(and)(prevention) of fleas (on your)(cat)(and/or)(kitten). Do not apply more than once a month.
 27. Monthly (control) (prevention)(and)(treatment) of fleas (on cats) (and/or) (kittens 8 weeks of age or older and (weighing) (over) (2 lbs) (9 lbs)
 28. Flea (control) (prevention)(and)(treatment) formulated for (cats)(and)(kittens 8 weeks of age or older and (weighing) (over) (2 lbs) (9 lbs)
 29. (Controls)(Treatment against)(Protects against) (blood-feeding) (by) fleas following exposure to the product
 30. Monthly treatments are recommended for optimal (control) (and) (prevention) of flea(s) (infestations). Do not apply more than once a month.
 31. Water-resistant
 32. Waterproof
 33. (Activyl® for Cats and Kittens) (Alternate or brand name) (This product) Remains effective even after (bathing) (water immersion), (or) (exposure to rain) (or) (sunlight)
 34. (Activyl® for Cats and Kittens) (Alternate or brand name)(This product) Remains effective after (bathing) (and) (or) (swimming)
 35. (Activyl® for Cats and Kittens) (Alternate or brand name)(This product) remains efficacious following (a) (shampoo treatment) (swimming) (and) (or) (exposure to rain) (or) (sunlight).
 36. X Monthly Doses (with corresponding images of number of monthly applicators contained in packaging)
 37. 8 Weeks+ / 2-9 lb ONLY / S -or- 8 Weeks+ / >9 lb ONLY / L (packaging callouts dependent on each weight)
 38. S (corresponding to 0.51 ml package size) -or- L (corresponding to 1.03 ml package size)
