KILLS HOUSEHOLD GERMS

Lysol is a Hospital Type Disinfectant which kills a wide variety of harmful microorganisms. It's the fast, easy, effective way to kill household germs including germs that cause odors found even in the cleanest homes.

On environmental surfaces, Lysol:

- kills a wide spectrum of both gram-positive and gram-negative germs, including Pseudomonas.
- kills Staph and Strep germs.
- kills lipophilic viruses such as Influenza Virus A2, Herpes Simplex, Vaccinia and Adeno Type 2.
- reduces the hazard of cross-infection.

Use Lysol everytime you clean.

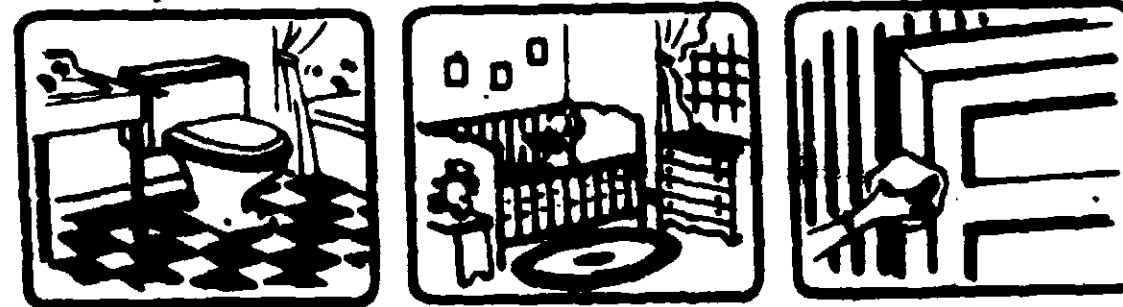

LYSOL is the registered trademark of Sterling Drug Inc. and any use thereof in connection with products not made by it constitutes an infringement thereof.

Use Lysol to disinfect and deodorize bathroom fixtures, toilet bowl, porcelain, linoleum, tiles, wipe down walls, woodwork. Deodorize drains in kitchen sink, bathroom basin and shower.

Use Lysol regularly to clean kitchen floors, walls, woodwork. Kill household germs that cause odors, prevent the growth of mold and mildew on finished surfaces in basement, attic, closets, laundry rooms, storage areas or similar damp or musty places. Repeat application as necessary.

RECOMMENDED DILUTION

GENERAL HOUSEHOLD: 1¼ oz. (2½ tbsp.) to each gallon of water. For toilet bowl, add 1 ounce (2 tbsp.) to the bowl water. Swab bowl area. For Pseudomonas Activity: 2½ oz. (5 tbsp.) to each gallon. Apply liberally on surface being cleaned. (Rubber Gloves Recommended)

IN THE NURSERY:
Clean the baby's room, toys, crib and highchair. Rinse with water. Clean out diaper pails with the recommended Lysol dilution to kill germs that cause odors.

IN THE LAUNDRY:
After filling the washer with water, add one cup of Lysol to each washer load to sanitize your wash. Significantly reduce the spread of household germs and washing machine odors by cleaning washer tub often with the recommended Lysol dilution.

IN THE SHOWER:
Clean shower floor and wall tiles regularly with the recommended Lysol dilution to prevent the growth of mold, mildew and athlete's foot fungus.
