

Lysol

liquid disinfectant
TOILET BOWL CLEANER

KILLS HOUSEHOLD GERMS
INCLUDING STAPH IN BATHROOM BOWL

DIRECTIONS: Point arrow away from you when opening or closing cap. After opening the cap point the top of the bottle down into the bowl. Squeeze gently in order to determine the direction of the spray. To disinfect, direct 4 oz. of powerful undiluted spray on the sides of the bowl and under the rim, letting it run down into the water. Brush entire bowl, especially under the rim, the hard water ring and below the water line. For hard to remove stains, remove cap and pour generous amount of LYSOL TOILET BOWL CLEANER directly on stains. Let soak for 15 minutes before brushing. Do not close toilet lid. Close cap securely after each use. Rinse brush before putting away. Rinse empty container thoroughly with water and discard.

Leaves bathroom smelling fresher and cleaner.

Will not harm white or colored bowls. Will not harm plumbing. Lysol Toilet Bowl Cleaner has been specially formulated for use only in toilet bowls; it should not be used on toilet lids, sinks, bathtubs or with chlorine or other chemical products.

LYSOL Brand disinfectant Toilet Bowl Cleaner contains no phosphates and is germicidal when used as directed but differs in composition from other LYSOL Brand Products.

DANGER: CORROSIVE — produces chemical burns. CONTAINS HYDROCHLORIC ACID. DO NOT GET IN EYES, ON SKIN OR ON CLOTHING. May be fatal or harmful if swallowed. Do not breathe vapor or fumes.

Keep out of reach of children.
FIRST AID: Internal: Call a physician immediately. Drink a teaspoonful or more of magnesia, chalk or small pieces of soap, softened with water or milk or raw egg white.

External: Eyes: Wash with water for 15 minutes. Get prompt medical attention. Skin: Wipe off the acid gently, immediately flood the surface with water, using soap freely, then cover with moist magnesia or baking soda.
