Helpful Cleaning Hints

- . To prevent mold and mildew and the odors they cause on walls, ceilings and floors made of metal, glass, tile, porcelain and finished wood surfaces, wash with solution as directed using hand sponge, cloth, or mop. Do not rinse. Repeat application when necessary.
- . Kills dangerous staph, strep, and salmonella germs, athlete's foot fungus, influenza virus (A2), household germs on environmental surfaces.
- . For floor wax removal, add 1 cup of ammonia to Lysol Powdered Cleaner solution.
- . When cleaning walls, wipe up drippings on floor to prevent water spotting.
- . For sensitive skin, wear rubber gloves.

Lysol^R Brand Disinfectant Powdered Cleaner is germicidal when used as directed for disinfection, but differs in composition from other Lysol Brand products.

POWDERED CLEANER**

works hard on dirt & germs

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To Clean, disinfect & deodorize

**1/2 CUP per
1/2 BUCKET**

Use 1/2 cup per gallon (1/2 bucket) of warm water. Wash with hand sponge, cloth or mop, wetting surface thoroughly. NO RINSING NECESSARY!

Kitchen

Bathroom

Use Lysol Powdered Cleaner where germs including germs that cause odors can be as much of a problem as the dirt itself...bathroom, basements, walls, floors, kitchen cabinets.

Basement

Laundry

Use Lysol Powdered Cleaner for those areas that are extra tough to clean and deodorize...like musty basements and laundry rooms: (Hard non-porous surfaces).

See side panels for additional uses
