

# Lysol

liquid disinfectant  
**TOILET BOWL CLEANER**

KILLS HOUSEHOLD GERMS  
INCLUDING STAPH IN BATHROOM BOWL

**DIRECTIONS:** Point arrow away from you when opening or closing cap. After opening the cap point the top of the bottle down into the bowl. Squeeze gently in order to determine the direction of the spray. To disinfect, direct 4 oz. of powerful undiluted spray on the sides of the bowl and under the rim, letting it run down into the water. Brush entire bowl, especially under the rim, the hard water ring and below the water line. For hard to remove stains, remove cap and pour generous amount of LYSOL TOILET BOWL CLEANER directly on stains. Let soak for 15 minutes before brushing. Do not close toilet lid. Close cap securely after each use. Rinse brush before putting away. Rinse empty container thoroughly with water and discard.

Leaves bathroom smelling fresher and cleaner.

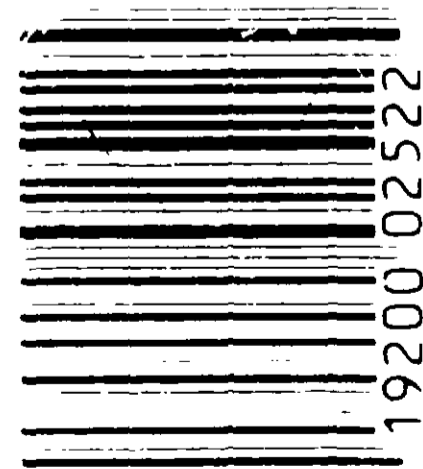

Will not harm white or colored bowls. Will not harm plumbing. Lysol Toilet Bowl Cleaner has been specially formulated for use only on toilet bowls. It should not be used on other toilet substitutes or with chlorine or other chemical products.

Lysol Brand disinfectant Toilet Bowl Cleaner contains no bleach and is germicidal when used as directed but does not protect against other Lysol Brand Products.

**DANGER: CORROSIVE** produces chemical burns. CONTAINS HYDROCHLORIC ACID. DO NOT GET IN EYES. ON SKIN, RINSE WITH WATER. May be fatal if harmful if swallowed. Avoid contact with the eyes or face.

Keep out of reach of children.  
FIRST AID: If in eyes, flush with water for 15 minutes. If on skin, wash with water.
