

Lysol
BRAND

disinfectant
**TOILET BOWL CLEANER
CRYSTALS**

disinfects deodorizes
removes stains

KILLS HOUSEHOLD GERMS
INCLUDING STAPH IN BATHROOM BOWL

DIRECTIONS:

1. Raise the toilet seat. Flush toilet to wet surfaces. Remove cap and pour 1/2 cup (4 ozs.) of LYSOL Brand Disinfectant Toilet Bowl Cleaner Crystals directly on sides of bowl, letting it fall down into water.

2. After bubbling has stopped, let stand for a few minutes. Brush thoroughly and flush again.

3. For deep stains repeat and let stand for 15 minutes before brushing.

Close cap securely after each use. Avoid storage in damp or wet areas. Rinse brush in clean water after use.

LEAVES BATHROOM SMELLING FRESH AND CLEAN.

Safe for white and colored bowls. Harmless to plumbing and septic tanks. LYSOL Brand Disinfectant Toilet Bowl Cleaner Crystals has been specially formulated for use in toilet bowls; it should not be used on toilet lids, sinks, bathtubs or with chlorine or other chemical products. LYSOL Brand Disinfectant Toilet Bowl Cleaner Crystals is specially formulated to kill a wide spectrum of both gram positive and gram negative bacteria.

LYSOL Brand Disinfectant Toilet Bowl Cleaner Crystals contains no phosphates and is germicidal when used as directed but differs in composition from other LYSOL Brand Products.

DANGER: CONTAINS SODIUM ACID SULFATE (ACID). Harmful if swallowed. Damaging to the eyes. Keep out of eyes. May be irritating to skin. Never use with chlorine products - can react to give off chlorine gas. If chemicals are mixed flush toilet, ventilate room and leave area. Do not reuse container. Destroy when empty.

FIRST AID:

EYES: Flood with water for fifteen minutes. Call a physician.

INTERNAL: Drink chalk, magnesia, milk or softened soap in milk, or raw egg white. Call a physician.

EXTERNAL: Flood surfaces immediately with water, wash fully with soap. Cover area with milk of magnesia or moist baking soda.
