

ACCEPTED
JAN 29 1978
UNDER THE FEDERAL ANTIMICROBIC
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTRA-
TION NO. 777-53

Meets rigid AOAC efficacy standards for hospital type aerosol disinfectants.

On environmental surfaces Lysol Spray kills dangerous staph and strep germs, athlete's foot fungus and lipophilic viruses such as:

- Influenza A2
- Adeno Type 2
- Influenza Type B
- Rhino-39
- Herpes Simplex
- Vaccinia

Spray as directed to kill household germs on bathroom basins, toilet seats, telephones, empty hampers, garbage and waste receptacles, animal areas, toys, light switches, door handles, bed springs, air ducts, all hard to reach places.

Kills mold and mildew

Use on finished surfaces in basement, closets, attic, laundry rooms, storage areas, summer cottages, boat and car interiors, shower stalls. Excellent for controlling mold and mildew on mattresses, pillows, shower curtains and books. Clean surface prior to application. Spray surface until covered with mist. Repeat application as necessary.

Fast! Easy! Effective!

Lysol Brand Disinfectant Spray is germicidal when used as directed for disinfection but differs in composition from other Lysol Brand products.

READ PRECAUTIONS & FIRST AID ON BACK PANEL

ELIMINATES ODORS In the air...

erases cooking and bathroom odors without heavy perfume. Actually eliminates odors by neutralizing them. Hold upright, spray center of room 1-2 seconds. To refreshen smoke-filled rooms immediately, spray perimeter of room and to eliminate smoking odors retained in fabrics spray around draperies, curtains and upholstered furniture.

At their source...

ordinary, non-germicidal sprays can't eliminate germ-caused odors. Lysol Spray used as disinfectant kills odor-causing bacteria in empty garbage cans, diaper pails, under sinks, empty hampers, toilet areas, sick rooms, pet areas, places where odor-causing germs are a problem. Hold upright, spray 2-3 seconds until covered with mist.

WARNING-FLAMMABLE!

Contents under pressure. Do not use near fire, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Avoid contact with food. Avoid direct spraying into eyes.

FIRST AID: If sprayed directly into eyes immediately flush with plenty of water. Get medical attention if irritation persists.

To disinfect:

1. Hold can upright, 6" to 8" from surface.
2. Spray surface 2 to 3 seconds until covered with mist.

Do not use on polished wood furniture, rayon fabrics, or acrylic plastics.
