Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

777-64

• Use LYSOL Laundry Sanitizer and REDUCE HOUSEHOLD GERMS in your laundry by 99.9%, even odor-causing germs. That's because LYSOL Laundry Sanitizer significantly reduces household germs and odors on your clothes and in your machine so your whole wash will smell fresh.

• LYSOL Laundry Sanitizer is specially formulated to Whiten and Brighten your whole wash

• LYSOL Laundry Sanitizer is safe for all washable fabrics when used as directed. To determine the washability of any fabric, see Washability Test on side panel.

At Home: Use LYSOL Laundry Sanitizer for all your washable fabrics, especially: children's dirty things, baby diapers, sheets, towels, work clothes, any fabric where germs and odors are a concern.

At The Laundromat: Use LYSOL Laundry Sanitizer to reduce the number of germs in coin-operated machines and on your clothes.

**DIRECTIONS**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

Use LYSOL Laundry Sanitizer during the washing cycle of your washing machine as follows:

To SANITIZE and for DETERGENT BOOSTING:

- Rinse heavily soiled items such as diapers completely before laundering
- Add clothes and fill with ANY water temperature
- Add 1/2 cup of LYSOL Laundry Sanitizer once agitation has begun (For front loader, add 1/4 cup through the receptacle on machine)
- Wait a minute, then add your detergent

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. (c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 2292-92" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for further description of final printed labeling.

A copy of your proposed label with our acceptance stamp is included with this registration with the understanding that you will comply with the conditions in the attachment to the registration notice.
