Subject: Lysol Brand Pre-Moisten Bathroom Touch-Ups Disinfecting Wipes
EPA Registration No. 777-68
Letter Dated February 23, 2001

Attn: Bruce Paoletta
Sr. Regulatory Affairs Specialist

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable; however, please refer to the Agency's February 9, 2001 letter regarding incorporating certain changes in your label. For instance, on page three (3) of the label, delete all references to "Toilets, but not "Toilet Seats". Also, in your use directions, i.e., "The fast convenient way to clean and disinfect hard surfaces anywhere you travel", you need to add the following language: "rinse food contact surfaces with a clean potable water rinse after using this product". Where there is mentioned on the label about use of this product to sanitize hard non-porous surfaces, that phrase need to be qualified to read "... To sanitize hard non-porous non-food surfaces".

A stamped copy of the label is enclosed for your records. Submit one (1) copy of the final printed label before this product is released for shipment.

If you have any questions concerning the comments in this letter, you should contact Zenobia Jones at (7030 308-6198).

Sincerely,

Velma Noble
Product Manager 31
Regulatory Management Branch 1
Antimicrobial Division (7510C)

Lysol Brand Pre-Moistened Bathroom Touch-Ups Disinfecting Cleaning Wipes
(Travel Size)

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No. 777-68

The fast convenient way to (clean) and (disinfect) (sanitize) hard non-porous surfaces anywhere (you) (travel). Use them on bathroom surfaces, toilet seats, and telephones in malls restaurants, gas stations, airports, rest stops, and (public) (places) (facility) where germs or bacterial may be of concern.

ALTERNATE LANGUAGE

The (fast) (convenient) way to (clean) and (disinfect) (sanitize) hard non-porous surfaces. Use them in toilet areas, under sinks, sick rooms, showers, bath tubs, patient chairs, examination tables, garbage pails, operatories, stretchers, laboratories, cuspidors, door handles, wheel chairs, counters, and other places where germs, or bacteria may be a concern.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization.

New* Lysol Brand Pre-Moistened Bathroom Touch-Ups Disinfecting Cleaning Wipes are the convenient way to (clean) (and) (disinfect) (sanitize) hard non-porous surfaces.

For general (cleaning and) disinfecting (sanitizing) hard non-porous surfaces.

New*Lysol Brand Pre-Moistened Bathroom Touch-Ups Disinfecting Cleaning Wipes are the (convenient) way to (clean) (and) disinfect (sanitize) your household surfaces.

Each pre-moistened disposable wipe (is treated with a special cleaner that actually) kills germs – even the germs that cause odors – wherever you use it. No bottles, no sponges, no mess. Effective disinfecting (sanitizing) has never been faster or easier. Unplug small electrical appliances before (use) (cleaning) (disinfecting) (with this product). Not recommended for polished or bare wood surfaces.

Directions for Use: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Pull up tab and remove large cover. Remove inner tab loop from cover hinge. Insert loop into opening. Thread first sheet in center of roll through loop. Replace cover. Pull loop back through opening. Pull each sheet up and slightly to the side. Always snap lid securely shut between uses to prevent moisture loss.

Peel back the front label slowly. Remove towelette as needed. Reseal pouch by firmly running thumb over the label.

TO CLEAN HARD SURFACES (INCLUDING TOILET SEATS): Use a fresh towelette to wipe surface. Toss dirty wipe away.

TO SANITIZE Non-Food Contact SURFACES (INCLUDING TOILET SEATS): Use a fresh towelette to thoroughly wet surface. Allow surface to remain wet for 30 seconds. Allow to air dry. For heavily soiled surfaces, repeat sanitizing directions. Not intended for personal hygiene.

TO (CLEAN) (AND) (DISINFECT TOILET SEAT) (OTHER BATHROOM SURFACES): Use a fresh towelette to wipe (toilet seat) (surface). Allow surface to remain wet for 10 minutes. To disinfect heavily soiled surfaces, repeat with a clean towelette.

(Do not Flush Down Toilet)

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No. 777-68

Lysol Brand Pre-Moistened Bathroom Touch-Ups Disinfecting Cleaning Wipes meets efficacy standards for (hospital type) disinfectant (sanitizing) wipes. Kills Influenza A2 and Herpes Simplex Type 1 viruses and Enterococcus (streptococcus) faecalis germs. Inhibits mold and mildew in damp and musty places.

KILLS HIV-1 ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS, in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency HIV-1 (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks or eye coverings.

CLEANING PROCEDURES: Thoroughly clean blood and other body fluids from surfaces and objects with wet towelette. Use second towelette to disinfect.

CONTACT TIME: Allow to stand 10 minutes.

DISPOSAL OF INFECTIOUS MATERIAL: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

ALTERNATE DIRECTIONS FOR USE:

To Open Package: Open cap lid and pull up firmly on lid to remove the entire cap from the canister. Locate wipe at the center of the roll and insert corner of wipe through opening in lid. DO NOT PUSH FINGER THROUGH OPENING. Replace lid. Pull sheet up and slightly to side. Always snap lid securely shut between uses to prevent moisture loss.

To Sanitize Hard Non-Porous Surfaces: Use a fresh towelette to wipe surfaces. Toss dirty wipe away. Do not flush down toilet. Allow surface to remain wet for 30 seconds. To sanitize heavily soiled surfaces, repeat with a clean towelette. NOT INTENDED FOR PERSONAL HYGIENE.

To Disinfect Hard Non-Porous Surfaces: Use a fresh towelette. Wipe surface and allow to remain wet for 10 minutes. Toss dirty wipe away. Do not flush down toilet. To disinfect heavily soiled surfaces, repeat with a clean towelette. For Food contact surfaces such as counters and tables, rinse with potable water. Do not use on dishes, glasses, or utensils.

Veterinary Practice/Kennels/Animal Care Facilities: For disinfecting hard, non-porous surfaces including equipment, utensils, cages, kennels, instruments etc. Remove all animals and feed from the premises, crates, cages, and enclosures. Remove all litter, droppings, and manure from floors, walls, and surfaces occupied or traversed by animals. Empty all troughs, racks and other feeding/watering appliances. Thoroughly clean surfaces with soap or detergent and rinse with water. Saturate surfaces and allow to stand 10 minutes. Ventilate buildings and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set, and dried. Thoroughly scrub all treated feed racks, automatic feeders, and watering appliances with soap or detergent, and rinse with portable water before use. *Not recommended for glass, mirrors, polished or bare wood surfaces.

Note: Bracketed () information is optional text. Text separated by a comma (,) denotes and/or options.

7/7

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May cause eye irritation. Avoid contact with eyes. Wash hands after use.

First Aid: In case of eye contact, IMMEDIATELY flush eyes thoroughly with water, remove any contact lens, and continue to flush eyes with plenty of water for at least 15 minutes. Call physician if irritation persists.

Storage /Disposal: Dispose of wipe in trash after use. Do not flush. Close lid between uses to retain moisture. Do not reuse empty container. Offer empty container for recycling. If recycling is not available, discard container in trash.
