- On page 2 of the proposed label, remove "new".

CONCURRENCES							
INITIALS							
SURNAME							
DATE							

- Change "Lysol Brand Pre-Moistened Bathroom Touch-Ups Disinfecting Cleaning Wipe" to read "Lysol Brand Pre-Moistened Touch-Ups Disinfecting Cleaning Wipe" on the top of each page of the proposed label.
- On page 3 of the proposed label, under the heading "Sanitizing non-food contact surface claims. Delete (Sanitizer) (Sanitizes) or remove any references to control of 99.9% of viruses. As you are aware, virus claims must be associated w/disinfection not sanitization.

Delete statement "Kills Influenza A (Stain New Caledonia/20/99/ (Flu virus in two (2) minutes. Since the efficacy demonstrates the product works within 1 minute, a 2 minute claim is not needed.

- On page 4 of the proposed label, delete Prevents the spread of harmful (illness-causing) (household) germs**.

Revise to read quickly wipe down commonly touched surfaces around the kitchen such as {insert use surfaces} to kills and delete (to help prevent the spread).

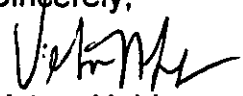

- Under F.*** 30 sec Disinfection against Virus>> add 1minutes contact to Kills Influenza A (Stain New Caledonia/20/99/ (Flu virus in one (1) minutes.

- On page 7 of the proposed label, revise the items, refrigerator and small appliances to read refrigerator "exteriors" and small appliances "exteriors."
