**ELIMINATES ODORS**

Biosol® deodorizes by killing the germs that cause odors. It eliminates odors at their source (and in the air). Ordinary, non-germicidal sprays can't do this. To eliminate odors retained in fabrics, spray on draperies, curtains and upholstered furniture.

Biosol® gets to the source of the odor without heavy perfume. Eliminates damp musty odors in the basement or in areas where air does not circulate. Biosol® eliminates germs and odors on hard nonporous surfaces that you and your baby come in contact with every day.

**ANTIBACTERIAL ACTION / KILLS HOUSEHOLD GERMS**

Biosol® has antibacterial action and kills viruses and bacteria on environmental surfaces in your home and in public places. Biosol® kills household germs/microorganisms (on environmental surfaces), even odor-causing household germs. Use Biosol® in empty garbage cans, recycling bins, empty hampers, bathroom basins, toilet areas, under sinks, pet areas, diaper pails, changing tables (use after each diaper change), many crib surfaces, potty, toys, door knobs, sick rooms, showers, bathtubs, sinks, patients chairs, telephones, lamps, examination tables, whirlpools, desks, saunas, patio furniture, stretchers, waiting rooms, patient's rooms, laboratories, cuspidors, door handles, wheel chairs, and counters.

**FAST/EASY/EFFECTIVE**

Use on finished surfaces in basements, closets, attics, laundry rooms, storage areas, summer cottages, vacation homes, boat and car interiors, shower stalls and recycling bins. Excellent for controlling mold and mildew on mattresses, pillows, shower curtains, and books.

**KILLS AND PREVENTS THE GROWTH OF MOLD AND MILDEW IN:**

Air conditioning vents, showers, bathtubs, restrooms, attics, lockers, closets, damp storage areas.

Biosol® controls cross-contamination of harmful germs from treated surfaces.

Biosol® meets AOAC efficacy standards for hospital aerosol disinfectants.

**FOR USE IN:**

Hospitals	Day Care Centers	Hotels/Motels	Kennels
Nursing Homes	Physicians Offices	Restaurants	Bowling Alleys
Clinics	Health Clubs	Schools	
Dental Offices	Ambulances	Restrooms	
Veterinary Offices	Office Buildings		

1

On environmental surfaces, Biosol® kills the following bacteria and viruses: staph and strep germs, salmonella, tuberculosis, athlete's foot fungus and hydrophilic and lipophilic viruses\* such as Rhinovirus (the leading cause of the common cold), Influenza A2/Japan/305/57, Influenza B/Hong Kong/5/72, Herpes Simplex Virus Types 1 & 2, Adenovirus Type 2, Vaccinia, Poliovirus Type 1, Rotavirus (the leading cause of infectious diarrhea in children) and Respiratory Syncytial Virus (the leading cause of lower respiratory infection in children), Echovirus Type 12, Cytomegalovirus, Hepatitis A, and HIV-1.

Biosol® also kills the following bacteria and fungi on environmental surfaces:

Salmonella choleraesuis	Neisseria elongata
Shigella dysenteriae	Streptococcus salivarius
Escherichia coli	Listeria monocytogenes
Staphylococcus aureus	Campylobacter jejuni
Proteus vulgaris	Salmonella paratyphi
Proteus mirabilis	Pseudomonas putida
Enterobacter aerogenes	Serratia marcescens
Klebsiella pneumoniae	Streptococcus pyogenes
Salmonella enteritidis	Salmonella schottmuelleri
Mycobacterium tuberculosis var bovis	Staphylococcus epidermidis
Pseudomonas cepacia	Trichophyton mentagrophytes
Pseudomonas aeruginosa	Aspergillus niger
Enterococcus faecalis	Candida albicans
Corynebacterium diphtheriae	
Methicillin and Gentamicin Resistant Staphylococcus aureus	

KILLS HUMAN IMMUNODEFICIENCY VIRUS TYPE 1 (HIV-1) (AIDS VIRUS) ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS, in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of HIV-1 (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns masks, or eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of Biosol®.

CONTACT TIME: Allow surface to remain wet for 10 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

Biosol® is a part of a system of infection control products provided by L & F Products. Now, more than ever, infection control is a major concern of yours, your staff and patients. People respect the LYSOL name, recognize LYSOL for providing quality and trusted surface disinfection, and gain the added benefit of a clean-smelling, sanitary environment. We invite you to call us at 1-800-677-9218, Monday through Friday, 8:45 a.m. to 4:30 p.m. (Eastern time), if you have any questions or comments on our products.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hold can (container) upright 6" to 8" from surface.

TO DISINFECT: Spray precleaned surface 2 to 3 seconds until covered with mist. Allow to stand ten minutes to air dry.

TO CONTROL AND PREVENT THE GROWTH OF MOLD AND MILDEW AND THEIR ODORS: Spray precleaned surface until covered with mist. Repeat applications as necessary.

TO DEODORIZE: Spray on surfaces as needed.

The following language is only for products with medical devices listed on the label:

This product is not to be used as a terminal sterilant/high level disinfectant on any surface that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas or the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or other wise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

Important Facts About Biosol®:

This can is made from an average of 25% recycled steel (10% post-consumer). Encourage your local authorities to establish a program to recycle this can. Questions about this product? Call 1-800-228-4722.

Biosol® is germicidal when used as directed for disinfection but differs in composition from other LYSOL brand products.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes eye irritation. Do not spray in eyes, on skin or on clothing.

FIRST AID: In case of eye contact, IMMEDIATELY flush eyes thoroughly with water, remove any contact lenses, and continue to flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

PHYSICAL HAZARDS

FLAMMABLE: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Do not use on polished wood, painted surfaces, leather, rayon fabrics or acrylic plastics.
