Directions: It is a violation of Federal law to use this product in an manner inconsistent with its labeling. Read the entire label before using product.

OK
 TO OPEN CHILD RESISTANT CAP: Hold bottle firmly with one hand on a flat surface. With other hand, while pushing down on top of cap, turn cap counterclockwise. AVOID SQUEEZING BOTTLE WHEN OPENING. To reseal, twist cap clockwise until tightly closed. (Diagram showing positioning of hands)

Alternate language: Squeeze sides of cap where indicated while turning counterclockwise (Diagram showing positioning of hands)

Alternate language: Hold cap firmly with one hand. AVOID SQUEEZING BOTTLE WHEN OPENING. With other hand, use thumbnail or edge of coin to push the last ridge on the blue spout towards the back of the cap. Lift spout to full upright position.

TO CLEAN AND DISINFECT follow these easy steps:

- OK
1. Flush first and remove excess dirt and grime before cleaning and disinfecting.
 2. Wet all surfaces of bowl interior, including sides of bowl and under the rim, with at least 4 oz. of liquid (squeeze bottle approximately 15 seconds). Replace cap securely.
 3. Let soak for at least 10 minutes. Do not close toilet bowl lid.
 4. Brush entire bowl thoroughly with a bowl brush and flush.
 5. Rinse brush in fresh water after use.

TO REMOVE TOUGH STAINS: Apply a generous amount of liquid directly onto the tough stains. (For severe rust stains, if possible, remove water form bowl before applying liquid). Let soak for 15 minutes. Do not close lid. Follow cleaning steps #4 and #5 above. Repeat if necessary.
