OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Ms. Mary C. Pisculli
Regulatory & Compliance Specialist
Morris Corporate Center IV
399 Interspace Parkway
Parsippany, NJ 07054-0225

Subject: Lysol Brand Disinfectant Toilet Bowl Cleaner
EPA Registration No.: 777-81
Notification Date: 10/18/2011
EPA Receipt Date: 10/19/2011

Dear Ms. Pisculli:

The following amendment submitted in connection with registration under FIFRA, as amended, is acceptable with conditions.

Proposed Amendment

- Updated label as per Agency letters
- Revised use directions

Conditions

Revise the label as follows:

- 1) Delete "formula" from the 1st line of claims under "Introductory 6 months claims."
- 2) Qualify porcelain on page 8 as a hard nonporous surface by stating "glazed."

General Comments

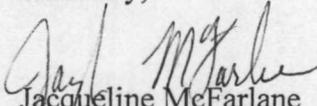

A stamped label with conditions is enclosed for your records. Submit the final printed label before selling or distributing the product bearing the revised language.

Should you wish to retain a reference to the company's website on your label, then please be aware that such a reference transforms the website into labeling under the Federal Insecticide Fungicide and Rodenticide Act sec 2 (p) (2) and then the website is subject to review by the Agency. If the website content is false or misleading, the product would be misbranded and its sale or distribution unlawful to sell or distribute under FIFRA section

12(a)(1)(E). In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Although EPA has not yet determined the extent to which it will routinely review company websites, if the Agency finds or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from claims approved through the registration process, the website may be referred to the EPA's Office of Enforcement and Compliance Assurance.

Should you have any questions or comments concerning this letter, you may contact me by telephone at (703) 308-6416 or by e-mail at campbell-mcfarlane.jacqueline@epa.gov or Jaclyn Carl by telephone at (571) 384-5684 or by e-mail at carl.jaclyn@epa.gov.

When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing. A stamped label is attached.

Sincerely,

Jacqueline McFarlane
Product Manager (34)
Regulatory Management Branch II
Antimicrobials Division (7510P)

Accepted for hospital disinfection

Better reach under the rim

Coats the entire bowl

Complete Clean

Confidence of Lysol®

Depend-a-bowl toilet bowl cleaner

Gives your bowl the Lysol® clean you trust

Go beyond clean

Great for everyday (cleaning) (deodorizing) (disinfecting) (and) (&) (sanitizing)

(Home) (Hospital) disinfectant toilet bowl cleaner

Hospital disinfectant

Hospital toilet bowl cleaner

Keep your toilet looking new

Meets AOAC Use-dilution Efficacy test standards for hospital disinfectant toilet bowl cleaners

Quality household disinfection

Quick and easy

The clean you trust

The confidence you get from the Lysol® name

The right tool for a nasty job

Trusted toilet disinfection

Use in conjunction with other Lysol® products for a clean bathroom

Efficacy tests have demonstrated that (this product) is effective as a one-step toilet bowl cleaner and disinfectant in the presence of organic soil (5% blood serum).

(This product) has a thick formula that coats above and below the waterline. This coating action provides longer contact time to help dissolve tough rust stains and mineral deposits (on contact) to make cleaning easier.

This product contains no phosphates and is germicidal when used as directed but differs in composition from other Lysol® Brand products.

Note: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier].
The term "this product" used throughout this document may be replaced with the marketed product brand name.
To use the term "germ**" the product must be efficacious against 2 of the 3 major classes of organisms.
The product label must identify the specific bacteria*, virus*, fungus* & mold*.
The term (x) is a placeholder that represents a number between 1 and 99.

<< PERFORMANCE CLAIMS >>

- Clings to the bowl to stay where the germs are
- Coating action above and below the waterline provides extended contact time.
- Coats the bowl above and below the waterline
- Coats the bowl to stay in contact longer
- Coats the bowl to stay where the germs are
- Designed to (remove) (penetrate) (destroy) (dissolve) tough (stubborn) {insert soils from list on pg. 8}
- Designed to (remove) (penetrate) (destroy) (dissolve) the toughest {insert soils from list on pg. 8}
- Destroys stains immediately
- Does not just whiten (insert soils from list on pg. 8) stains, (this product) removes them
- Easily dissolves stubborn hard water stains
- Easily removes the toughest stains
- Fast acting stain removal
- Formulated especially for hard water mineral deposits, lime scale and rust
- Hard water formulation
- Helps keep water flow optimal
- Leaves toilet sparkling clean and disinfected
- Lifts stains on contact
- No hard scrubbing
- Removes stains better than bleach
- Removes (x%) more stains than bleach
- Removes the toughest stains
- Removes the toughest stains in seconds
- Rinses away easily
- Specially designed for hard water problems
- Specially designed for hard water (stains) (areas)
- Specially designed for the removal of rust and (&) lime scale stains
- Specially designed for the removal of rust stains and mineral deposits
- Specially designed to breakdown rust and (&) lime scale stains
- Specially designed to breakdown stains and mineral deposits
- Specially designed to clean the toilet
- Specially designed to (remove) (penetrate) (destroy) (dissolve) the toughest {insert soils from list on pg. 8}
- Specially designed to (remove) (penetrate) (destroy) (dissolve) tough (stubborn) {insert soils from list on pg. 8}
- Specially formulated to (remove) (penetrate) (destroy) (eliminate) {insert soils from list on pg. 8}
- Special rust formula makes stain and mineral deposits easy to remove
- Thick clinging action
- Thick coating formula for prolonged contact time
- Thick formula adheres to stains for better cleaning
- Thick formula coats above and (&) below the waterline
- Thick formula coats the entire bowl
- Thick formula that cleans, deodorizes, disinfects and sanitizes
- Thick liquid coats bowl for better cleaning
- Thick liquid sticks to stains
- Toilet bowl cleaner with lime and (&) rust remover
- Whitens and brightens toilet bowl
- (Won't) (Will not) stain the bowl
- Works best in hard water areas
- Works best on hard water stains

<< CLEANING / DEODORIZING CLAIMS >>

3X Cleaning Power

3X (the) Cleaning Power on {insert soils from list on page 8}

(This product) has 3X Cleaning Power to remove {insert soils from list on page 8}

All the power you need to clean your toilet bowl

An efficient way to clean your bowl

Begins to destroy {insert soils from list on page 8} instantly

Breaks down stains without brushing or scrubbing

Brightens as it cleans

Cleans above and below the waterline

Cleans above, below and beyond the waterline

Cleans and disinfects above and below the waterline

Cleans as it disinfects

Cleans away everyday dirt and grime

Cleans to a shiny finish

Contains Hydrogen Chloride to remove rust and lime scale

Controls odors at their source

Controls odors caused by bacteria

Controls toilet odors caused by bacteria

Deep Down Clean

Deodorizes by killing bacteria that cause odors

Deodorizes with a fresh, clean scent

Designed to clean under the rim

Destroys hard water stains (on contact)

Destroys {insert soils from list on page 8} on impact

(Destroys) (Dissolves) toilet bowl rings

Destroys tough stains

Destroys (tough) (the toughest) (insert soils from list on page 8)

(Dissolves) (Destroys) (Removes) stains right before your eyes

Dissolves the toughest hard water deposits

Dissolves tough rust stains and mineral deposits (but will not harm porcelain)

Dissolves tough rust and mineral stains (but will not harm porcelain)

Easily breaks down stains without (heavy) (hard) brushing or scrubbing

Easy under-the-rim cleaning

(Eliminates) (Controls) (Kills) the bacteria that cause (bad) (unpleasant) odors (at the source)

Eliminates odors at their source caused by bacteria

Eliminates odors caused by bacteria

(Even) The tough(est) {insert soils from list on page 8} (start to) disappear right before your eyes

Extra strength cleaner

Fast acting formula

Fast-acting toilet bowl cleaner

For a (bright) (shiny) (white) (clean) toilet bowl

For a super-clean toilet

For a thoroughly clean toilet bowl surface

For an absolutely clean toilet bowl surface

For an ultra-clean toilet

For hard water (stains) (areas)

Frequent use prevents rust build-up (lime scale) (mineral stains)

Hard water cleaning formula

Hard water cleaner

Heavy-duty cleaner

Heavy-duty cleaning (formula)

(Helps) (Remove(s)) Toilet Rings

Helps to destroy odors

NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

<< STORAGE & DISPOSAL – Residential containers >>

STORAGE AND DISPOSAL:

STORAGE: Store in original container, in a cool, well-ventilated area, inaccessible to small children. Keep securely closed.

PESTICIDE DISPOSAL: To avoid waste, use all material in this container according to label directions.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.

<< STORAGE & DISPOSAL – Commercial / Institutional / Industrial containers >>

(NOTE: Residue removal statement is not applicable for this container because it has a CRC plug making it inherently non-refillable.)

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store in original container in a cool, well-ventilated area, inaccessible to children. Keep securely closed.

PESTICIDE DISPOSAL: Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to the label directions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. (To avoid waste, use all material in this container according to label directions.) If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.
